Superintendent's Recommendation to Sunset Dual Assignment and Establish Attendance Boundaries for Jefferson and Nearby High Schools

December 2025

Jefferson has a storied history of student excellence and community pride. But choice-based dual assignment has led to shrinking enrollment and loss of programs. With modernization underway, it is time for a new approach that will revitalize Jefferson and provide greater opportunities for students.

After robust public feedback on several enrollment plans, Superintendent Armstrong recommends Scenario C as the best option to transition Jefferson, Grant, Roosevelt and McDaniel from dual assignment choice to standard attendance boundaries.

This plan will bring enrollment and program growth and predictability back to Jefferson, while still maintaining robust offerings at neighboring schools. Additionally, almost all students who live within one mile of a high school will be able to attend their closest school.

The Jefferson High School boundary will include these elementary school zones:

- Beach
- Boise-Eliot/Humboldt
- Chief Joseph
- Dr. Martin Luther King, Jr
- Faubion
- Sabin
- Vernon
- Woodlawn

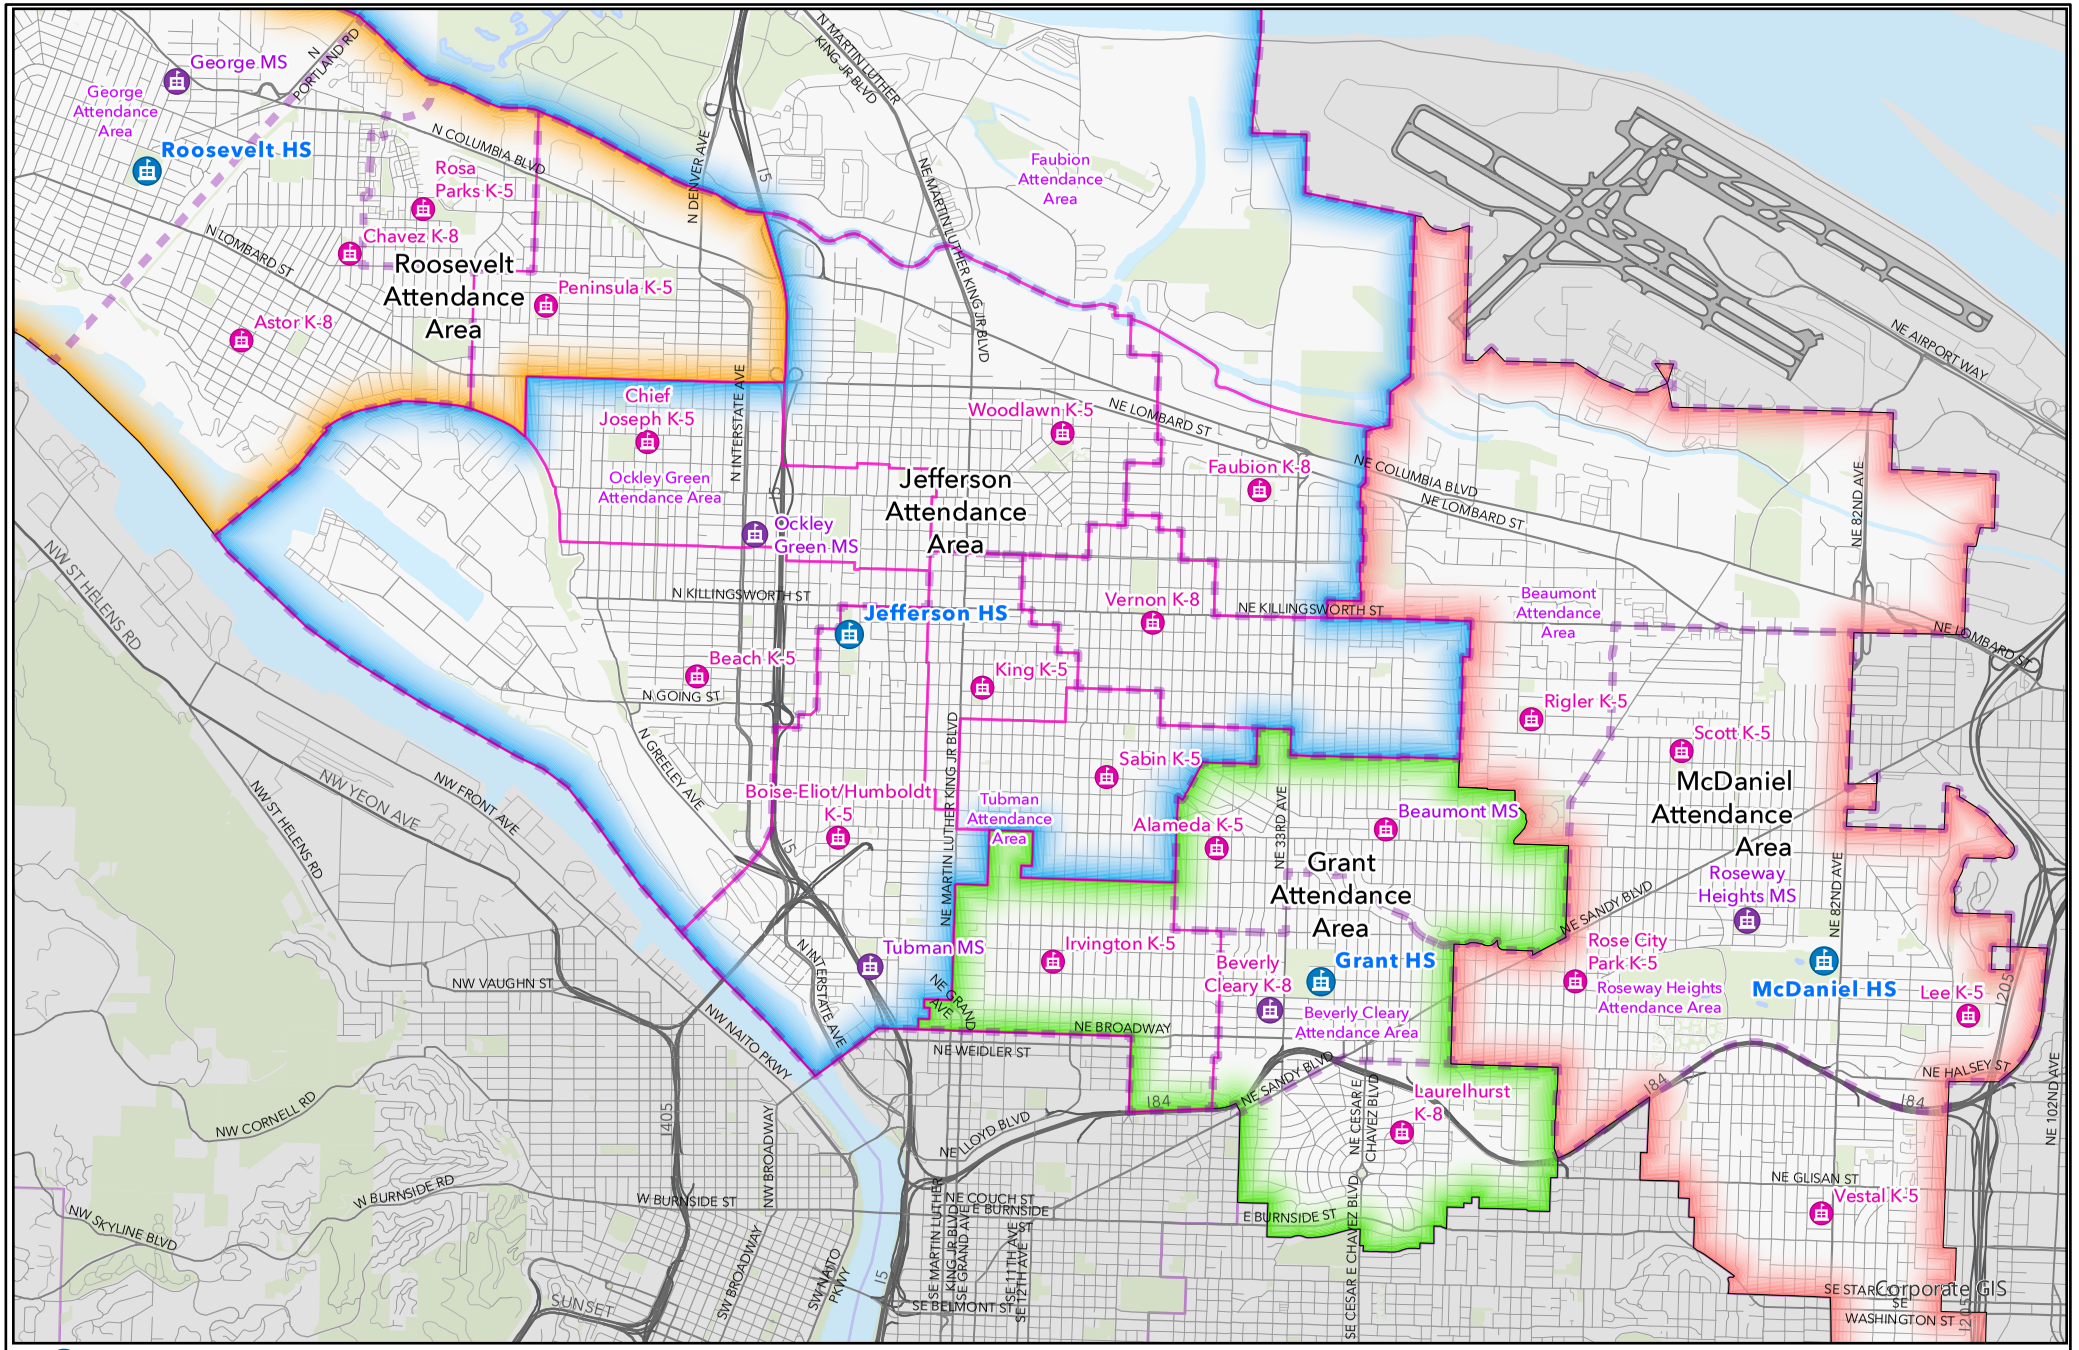

Irvington will be part of the Grant boundary, and Peninsula will be assigned to Roosevelt, along with the Beach Spanish Immersion program. The Dr. Martin Luther King Jr. Chinese Immersion program will continue to be part of Jefferson High School.

How to Learn More and Give Feedback

- See the attached map or go to pps.net/about/portland-public-schools-information/district-map to find the current elementary school for your address.
- Learn more about the proposal and sign up to provide feedback to the PPS Board of Education at www.pps.net/jefferson-is-rising:
  - **School Board Special Listening Session, December 8, 6pm, Jefferson HS Auditorium, 5210 N. Kerby Ave.**
  - **School Board Worksession, December 16, 6pm, District headquarters, 501 N. Dixon St.**

The Board will make the final decision in January. If approved, the changes will start with the 2027-28 school year for incoming 9th graders and other new students. This is the first step in a systemwide review, not a standalone change. The next phase of school right-sizing will begin in 2026.
