Superintendent's Scenario for Enrollment Balancing

View boundary maps: www.pps.net, "Growing Great Schools"

Superintendent Carole Smith has drafted her proposals for balancing enrollment across schools, building on recommendations made to her by the District-wide Boundary Review Advisory Committee (DBRAC) in January. The Superintendent presented the draft to DBRAC on March 9. The school board must approve any changes before they become final.

Draft recommendations

- **Shift the school district from a predominantly K-8 model to a predominantly K-5 and middle school model over time.**
  - Exceptions would be Skyline K-8 and Faubion PK-8. Focus option schools that are currently K-8's are undergoing a separate review to determine program locations and grade configurations. (This includes Creative Science School, Odyssey, Sunnyside and Winterhaven)
- **Middle grade program improvements:**
  - PPS would make investments to insure that all existing middle schools and remaining K-8 schools are offering robust core and elective programming for students in 2016-17 and beyond.
- **The K-8 reconfiguration would include:**
  - **Fall, 2016**
    - Ockley Green would become a middle school, phased in over two years. Beach, Chief Joseph, Peninsula and Woodlawn would become K-5 buildings, and students would then attend Ockley Green for middle school. This change would mean that current 5th-7th graders in these schools would attend Ockley Green in the fall.
    - Vernon K-8 would be converted to a K-5 and students would then attend Beaumont Middle School in the fall.
  - **Fall, 2017**
    - Tubman and Roseway Heights become middle schools. Boise-Eliot/Humboldt, King, Sabin, and Irvington would convert to K-5s, with students attending Tubman Middle School.
    - Rose City Park would open as a K-5 and students would attend Roseway Heights Middle School. Scott, Vestal, and Lee would be converted to K-5s, with students attending Roseway Heights Middle School.
    - ACCESS Academy would move to Humboldt School (now vacant).
    - Astor would be converted to a K-5 and students would attend George Middle School.
- **Fall, 2018**
  - Kellogg would become a middle school. A community process would begin in Spring 2017 to determine which schools would send their middle grade students to Kellogg. Boundaries would be drawn and schools reconfigured accordingly.
- **Fall 2019 or later**
  - Beverly Cleary/Fernwood, Chavez and Harrison Park could convert from K-8s to middle schools, to be determined at a later time.
- **West side program and boundary changes:**
  - Relieving overcrowding at Chapman K-5
    - Chapman would add four kindergarten classrooms at the PPS Ramona campus, 1545 NW 13th Street, with transportation provided for neighborhood students.
    - Portions of the Chapman boundary would be assigned to Ainsworth, Bridlemile and Forest Park elementary schools.
    - PPS will explore the possibility of Metropolitan Learning Center, now a K-12, becoming a K-8 Focus Option that prioritizes access for neighborhood children.
  - Relieving overcrowding at Lincoln:
    - Bridlemile students would continue to attend West Sylvan Middle School, with the option to attend Robert Gray instead. Students in the entire Bridlemile attendance area, however, would attend Wilson for high school. The high school assignment change would not begin until 2017. However, students may choose to opt-in to Wilson in 2016.
  - Ainsworth Spanish Immersion remains at Ainsworth but would become half native Spanish speakers starting with the Fall 2016 kindergarten class.
  - Odyssey K-8 would move to East Sylvan in Fall 2016.
  - A portion of the Bridlemile, Maplewood and Rieke attendance areas would attend Hayhurst to ensure Hayhurst has sufficient enrollment. A Spanish Immersion program could be launched at Hayhurst in 2018.
  - Maplewood K-5 students would continue to attend Robert Gray Middle School instead of shifting to Jackson.
  - A portion of the Capitol Hill attendance area would shift to Stephenson.
  - To address additional growth, PPS would prepare to re-open Smith School as a K-5 school, projected to occur in Fall 2019.

Next steps

Share your views on these proposals:

- **Tuesday, March 15, 6:30 to 8 pm,** Robert Gray Middle School, 5505 SW 23rd Ave. Interpretation in Spanish and Somali. Childcare provided.
- **Wednesday, March 16, 6:30 to 8 pm,** Hosford Middle School, 2303 SE 28th Place. Interpretation in Spanish, Vietnamese, Chinese, Somali and Russian. Childcare provided.

The Superintendent will take into consideration this additional feedback and make her final recommendations to the school board by April 5.

The board will then consider her recommendations and decide next steps.

K-8 schools not mentioned in this summary would remain as they are for at least the next two years.
