ENROLLMENT/PROGRAM ISSUE WORKSHEET

School: East & West Sylvan **Principal: John Ferraro** **Senior Director: Lisa McCall**
Form completed by: Judy Brennan **Draft Date:** 11/14/2014

PART ONE: Current configuration

Students by grade		**Instructional Spaces**		**Teachers**		**Comparisons**	
6-East campus	156	**Classrooms -East campus**	12	**Classroom Teachers**	31.60	**Utilization-2 campus (c)**	73%
6-West campus	156	**Classrooms-West Campus**	43	**Electives**	6.50	**Utilization-1 campus (c)**	93%
7	320	**Total Classrooms**	55	**Special Ed**	1.50	**Utilization rank 2-campus (d)**	15 of 15
8	330			**ESL (.5 wt for utilization)**	0.75	**Enroll change '13 to '14**	20
		Instr support rooms(a)	3	**Total**	39.975	**Student: teacher ratio**	24.1
		2013 Demographics				**Ratio rank(e)**	1 of 15
		Students of color	20%	**Instructional support (b)**	1	**Est 15-16 utilization-2**	73%
		Students who qualify for F/RM	30%				
		Students who qualify for ESL	>1%				
Total	962	Students who qualify for SPED	15%				

Sources: preliminary 2014 enrollment, staffing and classroom counts; demographic data from 2013 enrollment profiles

(a) Instructional support rooms are spaces that do not qualify as classrooms but can be used for small group student support and instruction.

(b) Instructional support staff includes counselors, instructional specialists and coaches, student management specialists and other staff who may meet with small groups of students to provide support and instruction

(c) Utilization is the number of teachers who would normally be assigned a full classroom (ESL 1/2 wt, no PE) compared to the number of classrooms on a campus

(d) Utilization rank among 15 schools monitored for overcrowding. The average utilization in this group is 101.4%

(e) Student: teacher ratio rank among 15 schools monitored for overcrowding. The average ratio in this group is 20.4

(f) 2015-16 utilization assumes same K enrollment next year as this year, and that current class sizes below 25 at grades 1-5 could be compressed to fewer sections (does not assume creating additional multi-grade blended classrooms)

ENROLLMENT/PROGRAM ISSUE WORKSHEET

School: East & West Sylvan **Principal: John Ferraro** **Senior Director: Lisa McCall**

PART TWO: Issue summary

West Sylvan is the largest middle school in PPS. For 10 years the school has operated on 2 campuses that are approximately 2.5 miles apart. It hosts a Spanish Immersion program for Lincoln and Wilson clusters. Neighborhood growth and transfers caused the 6th grade population to outgrow the East Sylvan campus. This year 1/2 the 6th grade is located at West Sylvan. The community has asked the district to find a way to bring the whole population to the West Sylvan campus. The greatest challenge to meeting their request is the lack of common spaces and potential costs/timeline for major construction.

Cause of the enrollment change	Neighborhood enrollment growth
Is this issue new this year?	[✓ YES] NO
Potential implications if no change next year	Maintain current conditions

PART THREE: Options to address issue

Change type	Cost	Timeline for decision	Decision-making process	Related impacts	Benefits	Risks	Feasibility rank
Interior changes to West Sylvan	yes--$$ tbd	Winter 2014-15	Facilities/OSP		Ends split campus, saves staff time & transp costs	Building limitations, maybe cost prohibitive	#1
Boundary change	n/a	District-wide boundary review, implement in 2016 or later			Reduced population	Loss of program; greater distance for some families	#2
Program move	Likely	District-wide boundary review, implement in 2016 or later			Reduced population	Significant program/staff changes	#3
Grade reconfiguration	Likely	District-wide boundary review, implement in 2016 or later			Reduced population	Significant program/staff changes	#4
