Portland Public Schools
Annual Performance Framework and Report

The Emerson Charter School
2024-25 School Year

Introduction

Charter schools in Oregon are defined in statute as "...a legitimate avenue for parents, educators and community members to take responsible risks to create new, innovative and more flexible ways of educating children within the public school system. The Legislative Assembly seeks to create an atmosphere in Oregon's public school system where research and development of new learning opportunities are actively pursued." (ORS 338.015)

The charter schools sponsored by Portland Public Schools provide educational options for students and families as well as diversity of professional opportunities for school employees. While the district provides oversight and support to its sponsored charters, each charter school is an independent, nonprofit organization that has autonomy over its mission, strategic planning, budget, hiring, policies, and the development and implementation of its educational program.

Portland Public Schools is responsible for maintaining high standards for its sponsored charter schools, and for ensuring that charter schools are compliant with all applicable laws, that their academic programs are successful, they are financially viable, and their organizations are effective and responsibly managed. The district balances oversight with an understanding of the independence and autonomy afforded public charter schools by law.

In so doing, PPS has established the following performance framework, which is informed by best practice from the Core Performance Framework and Guidance developed by the National Association of Charter School Authorizers (NACSA). This performance framework is designed to measure each charter school's academic, financial, and organizational performance, and to "...guide practice, assess progress, and inform decision-making over the course of the charter term and at renewal."[1]

Because each charter school's story and perspective on its own performance is critical to a balanced evaluation process, each measure includes space for narrative explanation and/or further description from both the district and the charter school. It is our hope and goal that PPS and the charter school will fully engage in the process of program evaluation each year and at the renewal period, and that this process contributes to the continuous improvement of each charter school and the PPS Charter Schools Office.

Academic performance: data elements and sources

The purpose of the Academic Performance section of the Annual Performance Framework and Report is to evaluate whether or not the charter school's educational program is showing success with its students.

Many of the indicators for this section are adopted from the National Association of Charter School Authorizers' "Core Performance Framework and Guidance", while the performance targets and ratings are aligned with the targets and ratings in the Oregon Report Card.

Note: Since the 2017-18 school year, the Oregon Department of Education (ODE) has not assigned summative, overall ratings to schools on the Oregon Report Card. Instead schools are rated on up to 6 (for k-8) or 9 (for HS) separate indicators.

The following data elements and sources are used to complete the Academic Performance analysis:

- The charter school's Oregon Report Card
- The charter school's State Assessment results
- The charter school's contract
- The district's Oregon Report Card
- The district's State Assessment results
- Performance and growth information for comparison schools, as defined by the Oregon Department of Education
- The Administrator's Dashboard

Additionally for high schools only:

- The school's graduation rate
- The district's graduation rate
- The school's completion rate
- The district's completion rate
- The school's freshmen on track rate
- The district's freshmen on track rate
- The graduation, completion, and dropout rates of comparison schools, if applicable, as defined by ODE

Additionally for grades 6-12 only:

- The charter school's alignment to Common Core State Standards as evidenced by course syllabi, course descriptions, curriculum alignments, etc.

The 3-year Trend Performance Summary chart at the end of this document will include the ratings from the most recent 3 years of available academic performance data (2022-23, 2023-24, and 2024-25). The Financial and Organizational sections will include summary data from the three most recent school years.

Academic Performance

Measure 1a Is the school meeting acceptable standards according to the Oregon State school rating system?
Exceeds standard: ☐School received the highest rating from the state accountability system
Meets standard: ☐School received a passing rating according to the state accountability system
Does not meet standard: ☐School did not receive passing rating according to the state accountability system

Does not meet standard: ☐School was identified as falling below the interim target but not in the lowest 10% of schools as defined by Oregon's ESEA Plan
Falls far below standard: ☐School was identified as in the lowest 10% of schools as defined by Oregon's ESEA Plan
District comments/recommendations: The school has not been identified for Targeted (TSI) or Comprehensive (CSI) Supports.

School comments: Emerson is aware of this discrepancy, and is working with our SPED team to increase support for students with disabilities.

2. Student Academic Growth

Measure 2a

All Students 3-5					NA	
Gap Score Change	1	123	1	0		***M***

*MIP (Measures of Interim Progress) are statewide targets for school accountability indicators determined by the Oregon ESSA Plan – no MIP applies to Average Gap Score Change

District comments/recommendations:

Emerson School students in grades 3-5 had an average gap score change of 1 in ELA which is the same as the average gap score change as the District.

School comments:

Measure 2b

Are students making expected annual academic growth in MATH compared to their peers? (For 2024-25 this is measured by Average Gap Score Change)

E=Exceeds standard:

Average gap score change of 18 or more

M=Meets standard:

School comments:

3. Subgroup Growth

Measure 3a
Is the school increasing academic performance over time in English Language Arts for **Students of Special Populations**? (For 2024-25 this is measured by Average Gap Score Change)

E=Exceeds standard:
Average gap score change of 18 or more

M=Meets standard:
Average gap score change of between 0 and 17

D=Does not meet standard:
Average gap score change of between -17 and 0

F=Falls far below standard:
Average gap score change of less than -17

Data:

ELA Special Populations Avg Gap Score Change	School	N	District	% +/-	MIP*	Rating
All Students 3-5					NA	
Economically Disadvantaged	--		--			NR
English Learners	--	--	--	--		NR
Students with Disabilities	5	29	-1	+6		***M***
Historically Underserved Races/Ethnicities	--	--	--	--		NR

*MIP (Measures of Interim Progress) are statewide targets for school accountability indicators determined by the Oregon ESSA Plan – no MIP applies to Average Gap Score Change
**Metric is based on 3-year combined average

District comments/recommendations:

NR = Not Rated
The school did not receive Average Gap Score Change ratings in most of the special populations categories due to not meeting the minimum n-size to receive a rating. For Students with Disabilities the school meets the ODE Level 3 target.

School comments:

Measure 3b
Is the school increasing academic performance over time in MATH for **Students of Special Populations**? (For 2024-25 this is measured by Average Gap Score Change)

E=Exceeds standard:
Average gap score change of 18 or more

M=Meets standard:
Average gap score change of between 0 and 17

D=Does not meet standard:
Average gap score change of between -17 and 0

F=Falls far below standard:
Average gap score change of less than -17

English Learners	--	--	--	--		NR
Students with Disabilities	-4	29	7	-11		**D**
Historically Underserved Races/Ethnicities	--	--	--	--		NR

*MIP (Measures of Interim Progress) are statewide targets for school accountability indicators determined by the Oregon ESSA Plan – no MIP applies to Average Gap Score Change
**Metric is based on 3-year combined average

District comments/recommendations:

NR = Not Rated
The school did not receive Average Gap Score Change ratings in most of the special populations categories due to not meeting the minimum n-size to receive a rating. The school did not meet the target for Students with Disabilities with an average Gap Score Change of -4. This is not a concern for the District.

School comments:
Emerson is aware of this discrepancy, and is working with our SPED team to increase support for students with disabilities.

4. Local Performance Assessments

Measure 4 Describe your school's Local Performance Assessments in the fields below.			
What Local Performance Assessment are you using?	**To what grades are you administering the Local Performance Assessment?**	**What subjects are you assessing through the Local Performance Assessment?**	**How are you documenting your administration of the Local Performance Assessment?**
School Response: Emerson performance assessments include, but are not limited to: • easyCBM reading assessments at least three times a year at all grade levels, K-5 • Writing assessments scored using the 6+ writing traits at least three times a year in grades 4-5 • End of unit assessments for math in all grades (approximately 4-5 units per grade) • Math, Writing, Speaking, and Science end of year work samples for grades 3-5 using the Oregon Department of Education scoring rubrics for each subject. • End of year OSAS assessments for Literacy and Math for grades 3-5, and Science for grade 5 • End of Project rubrics used at all grade levels, K-5	K-5	Reading, Writing, Math, Speaking, Science, Project Work	Math, Writing, Speaking, and Science end of year work samples for grades 3-5 using the Oregon Department of Education scoring rubrics for each subject are submitted to school administration each year. All easyCBM scores are reported/submitted to administration each term. Project rubrics are recorded and submitted to administration at the end of each school year.
District comments/recommendations:			

5. Student Attendance

Measure 5
What percentage of students at the charter school are identified as Regular Attenders (attending more than 90% of their enrolled days)?

E=Exceeds standard:

☐School's percentage of Regular Attenders meets or exceeds the long term goal of 93% as set by the Oregon Department of Education

M=Meets standard:

☒School's percentage of Regular Attenders meets or exceeds the Level 3 indicator by grade level as set by the Oregon Department of Education

D=Does not meet standard:

☐School's percentage of Regular Attenders does not meet the Level 3 indicator by grade level but is not below the 10th percentile of performance for the grade level group

F=Falls far below standard:

☐School's percentage of Regular Attenders is below the 10th percentile of performance for the grade level group

Data:

Regular Attenders	School	N	District	% +/-	MIP*	Rating
All Students K-5						
%	79.2	125	74.6	+4.6	85	***M***

*MIP (Measures of Interim Progress) are statewide targets for school accountability indicators determined by the Oregon ESSA Plan
**Metric is based on 3-year combined average

District comments/recommendations:

The school's percentage of regular attenders meets or exceeds the Level 3 indicator by grade level as set by the Oregon Department of Education. The school also outperforms the District by 4.6% in regard to Regular Attenders at the K-5 grade level.

School comments:

(Measures 6 and 7 omitted, apply to middle and high schools only)

8. School goals and recommendations (academic)

Measure 8a
Did the school meet the academic goals it set forth in its 2024-25 Performance Plan?

Goal set in Plan	Goal achieved? (School response)	How or why not? (School response) Include any professional development implemented to support this goal.
By the end of the academic year, at least 70% of students in grades K-3 will meet or exceed grade-level reading standards	66.7% of Emerson students in grades 3-5 meet or exceeded grade-level reading standards as determined by state standardized testing. Reading standards for students in grades K-2 were measured using Easy CBM assessments. On these assessments, 70% of students met or exceeded grade-level benchmarks.	While we were close to achieving our goal, we missed the mark by a slight amount. This school year our K-3 Literacy Support Specialist has had the opportunity to spend more time working with individuals and small groups in order to support them in their growth. She is also providing more guidance and support to the classroom teachers.

Measure 8b
In school year 2024-25, did the school implement the academic recommendations from the district in the 2023-24 annual performance report (if any)?

Recommendation from the district	Recommendation implemented? (School response)	How or why not? (School response) Include any professional development implemented to support this goal.
There were no District recommendations in the 2023-24 Performance Report.		

Measure 8c
Based on the 2024-25 school year data presented in this report, will the school add any academic goals to its 2025-26 Performance Plan? (Copy and paste as needed for additional goals.)

Goal added to Plan:				
Instructional Strategies	Rationale	Professional Development	Assess Progress	Use of Resources

Financial Performance: data elements and sources

The purpose of the Financial Performance section of the Annual Performance Framework and Report is to evaluate whether or not the charter school is financially viable.

Many of the indicators, performance targets, and ratings for this section are adopted from the National Association of Charter School Authorizers' "Core Performance Framework and Guidance".

The following data elements and sources are used to complete the Financial Performance analysis:

- The charter school's contract
- The charter school's audited balance sheet and notes for the last three years
- The charter school's projected enrollment and actual enrollment
- The charter school's board-adopted budget
- The charter school's audited income statement and audited cash flow statement
- Annual principal and interest obligations
- Quarterly financial statements, including budget-to-actuals, profit and loss, balance sheet

Financial Performance

9. Near-Term Measures

Measure 9a Current ratio: Current assets divided by current liabilities
Meets standard: ☒Current ratio is greater than or equal to 1.1
Does not meet standard: ☐Current ratio is between .9 and 1.0 or equals 1.0
Falls far below standard: ☐Current ratio is less than or equal to .9
District comments/recommendations: Current ratio is 3.85, meets standard
School comments:

Measure 9b Unrestricted days cash: Unrestricted cash divided by (total expenses minus depreciation expense) / 365)
Meets standard: ☒60 days cash –OR- ☐Between 30 and 60 days cash and one-year trend is positive
Does not meet standard: ☐Between 15 and 30 days cash -OR- ☐Between 30 and 60 days cash and one-year trend is negative
Falls far below standard: ☐Fewer than 15 days cash
District comments/recommendations: School has 107.21 days unrestricted cash, meets standard
School comments:

Measure 9c Enrollment variance: actual enrollment divided by enrollment projection in most recent charter school board-approved budget
Meets standard: ☐Enrollment variance equals or exceeds 95% in the most recent year
Does not meet standard: ☒Enrollment variance is between 85-95% in the most recent year
Falls far below standard: ☐Enrollment variance is less than 85% in the most recent year
District comments/recommendations: Enrollment variance is .90. This is not a concern for the district as the school has increased enrollment.
School comments: We are continuing to monitor enrollment and have adopted strategies to support improving enrollment. Our enrollment is currently at 97.2% of our projected enrollment for the current budget year.

Measure 9d Default
Meets standard: ☒School is not in default of loan covenant(s) and/or is not delinquent with debt service payments
Falls far below standard: ☐School is in default of loan covenant(s) and/or is delinquent with debt service payments
District comments/recommendations: Not in default, meets standard
School comments:

10. Sustainability Measures

Measure 10a Total Margin: Net income divided by total revenue Aggregated total margin: Total 3-year net income divided by total 3-year revenues
Meets standard: ☐Aggregated 3-year total margin is positive and the most recent year total margin is positive -OR- ☐Aggregated 3-year total margin is greater than -1.5%, the trend is positive for the last 2 years, and the most recent year total margin is positive
Does not meet standard: ☐Aggregated 3-year total margin is greater than -1.5%, but trend does not "meet standard" (above)
Falls far below standard: ☒Aggregated three-year total margin is less than or equal to -1.5% -OR- ☐The most recent year total margin is less than -10%
District comments/recommendations: Aggregated 3-year total margin is -5.15%. This is expected as The Emerson School spent down reserves building out their new school building. They moved the school in January 2024 and now have a 15-year lease with a 5-year option. The district expects their finances to stabilize now that the move is complete.
School comments: We are aware that we are below the total margin and are actively working towards to improving this via enrollment, robust fundraising initiatives, and fastidious attention to our financials.

Measure 10b Debt to asset ratio: Total liabilities divided by total assets
Meets standard: ☒Debt-to-asset ratio is less than 0.9
Does not meet standard: ☐Debt-to-asset ratio is between 0.9 and 1.0
Falls far below standard: ☐Debt-to-asset ratio is greater than 1.0
District comments/recommendations: Debt-to-asset ratio is .19, meets standard
School comments:

Measure 10c
Cash flow:
Multi-year cash flow = Year 3 total cash - Year 1 total cash
One-year cash flow = Year 2 total cash - Year 1 total cash

Meets standard:

☐Multi-year cumulative cash flow is positive and cash flow is positive each year
-OR-
☐Multi-year cumulative cash flow is positive, cash flow is positive in one of two years, and cash flow in the most recent year is positive

Does not meet standard:

☐Multi-year cumulative cash flow is positive, but trend does not "meet standard" (above)

Falls far below standard:

☒Multi-year cumulative cash flow is negative

District comments/recommendations:

While multi-year cash flow is negative at -$95,380, one-year cash flow is positive at $168,958; falls far below standard. The Board decision to build out a new school building resulted in deliberate, budgeted spending down of cash reserves.

While cash flow bears watching in 2025-26, the school has ample cash reserves, has increased enrollment and fundraising. This is not a concern for the District at this time.

School comments:

As noted by the District, we are working on remedying our cash flow to meet standards due to the intentional build out of our new school. We are hopeful to have this remedied/improved by the following school year.

Measure 10d
Debt service coverage ratio: (net income + depreciation + interest expense) / (annual principal, interest, and lease payments)

Meets standard:

☐Debt service coverage ratio is equal to or exceeds 1.1

Does not meet standard:

☒Debt service coverage ratio is less than 1.1

District comments/recommendations:

Debt service coverage ratio is .73, does not meet NACSA Recommended standard. School carries no debt and has maintained a healthy cash balance. While Emerson's Board should continue to monitor budget and cash flow regularly, this measure is not of current concern.

School comments:

We are watching our budget & spending closely, with active strategies in place to improve this measure.

11. School goals and recommendations (financial)

Measure 11a
Did the school meet the financial goals it set forth in its 2024-25 Performance Plan?

Goal set in Plan	Goal achieved? (School response)	
By the start of the next school year, increase enrollment by adding 2 students in each classroom (up to a maximum of 26 students per class) and robust waitlists in every grade through enhanced outreach and engagement strategies. Ensuring that enrollment is no lower than 144 at the start of the school year.	We did have a stronger waitlist and over enrolled by 2 students per grade. We did not meet the goal of maximum enrollment of 144; though we have a strong 140 enrolled, with the open slots at the higher grade levels. With strong numbers in our lower grade levels, we are confidant that we will have at least 140 next school, if not the maximum of 144.	

Measure 11b
In school year 2024-25, did the school implement the financial recommendations from the district in the 2023-24 annual performance report (if any)?

Recommendation from the district	Recommendation implemented? (School response)	Why or why not? (School response)
The District recommended that the Emerson Board continue to review detailed monthly enrollment and financial reports and forecasts through the fiscal year to ensure new facility debt/lease obligations can be met in the current year.	The Emerson Board has been diligent in reviewing monthly enrollment and financial reports. We have had thorough conversations on how to increase/maintain higher enrollment numbers, as well as how to grow in financially stability.	This is an ongoing process and we are trending in the right direction.

Measure 11c
Based on the 2024-25 school year data presented in this report, will the school add any financial goals to its 2025-26 Performance Plan? (Copy and paste as needed for additional goals.)

Goal added to Plan:				
Practical Strategies	Rationale	Professional Development	Assess Progress	Use of Resources

Organizational Performance: data elements and sources

The purpose of the Organizational Performance section of the Annual Report is to evaluate whether or not the charter school as an organization is effectively governed and well run.

Many of the indicators, performance targets, and ratings for this section are adopted from the National Association of Charter School Authorizers' "Core Performance Framework and Guidance".

The following data elements and sources are used to complete the Organizational Performance analysis:

- Site visit observations (both formal and informal)
- The charter school's contract
- Required reporting by the charter school, including all deliverables
- The school's adherence to deliverable and reporting due dates
- Feedback from parents, students, charter school staff, and other community stakeholders
- Synergy or other student information system
- The Administrators Dashboard
- The charter school's internal accountability systems
- Student enrollment forms
- The charter school's adopted board policies
- The charter school's parent/student/staff handbooks
- TSPC
- Assurances by the charter school that it is compliant with all applicable requirements

Does not meet standard: ☐The school failed to implement the material terms of the education program in all material aspects and the education program in operation does not reflect the material terms as defined in the charter contract, or the schools implemented a modification to the material terms without approval and/or a mutually agreeable amendment to the contract.

Does not meet standard: ☐The school was materially out of compliance with applicable laws, rules, regulations, and/or provisions of the charter contract relating to education requirements, including, but not limited to: ● Instructional days and/or minutes requirements ● Graduation and promotion requirements ● Content standards, including Common Core State Standards ● The administration of state assessments ● Implementation of mandated programming as a result of state or federal funding
District comments/recommendations: The school materially complies with this standard.
School comments:
