Board's Framework

MEET PPS HIGH SCHOOL ED SPEC MINIMUM REQUIREMENTS

Board's Framework

CLIMATE POLICY AND LEED GOLD CERTIFICATION

- PPS Climate Policy

  Project maintains a commitment to all electric infrastructure. Team is exploring alternate mechanical and structural systems

- LEED Gold Certification

  Project will seek sustainable solutions that are practical, maintainable and cost effective

Board's Framework

COMMUNITY PARTNERSHIPS

- Health Center

  "Projects will only include a Health Center if there is a commitment from a health provider to provide services"

- Teen Parent Center

  "Projects will only include a Teen Parent Child Center if there is a demonstrated need at each school"

IBW currently has no Health Center or Teen Parent Center. Team is working with the school and district leaders, exploring opportunities and needs.

NEXT STEPS

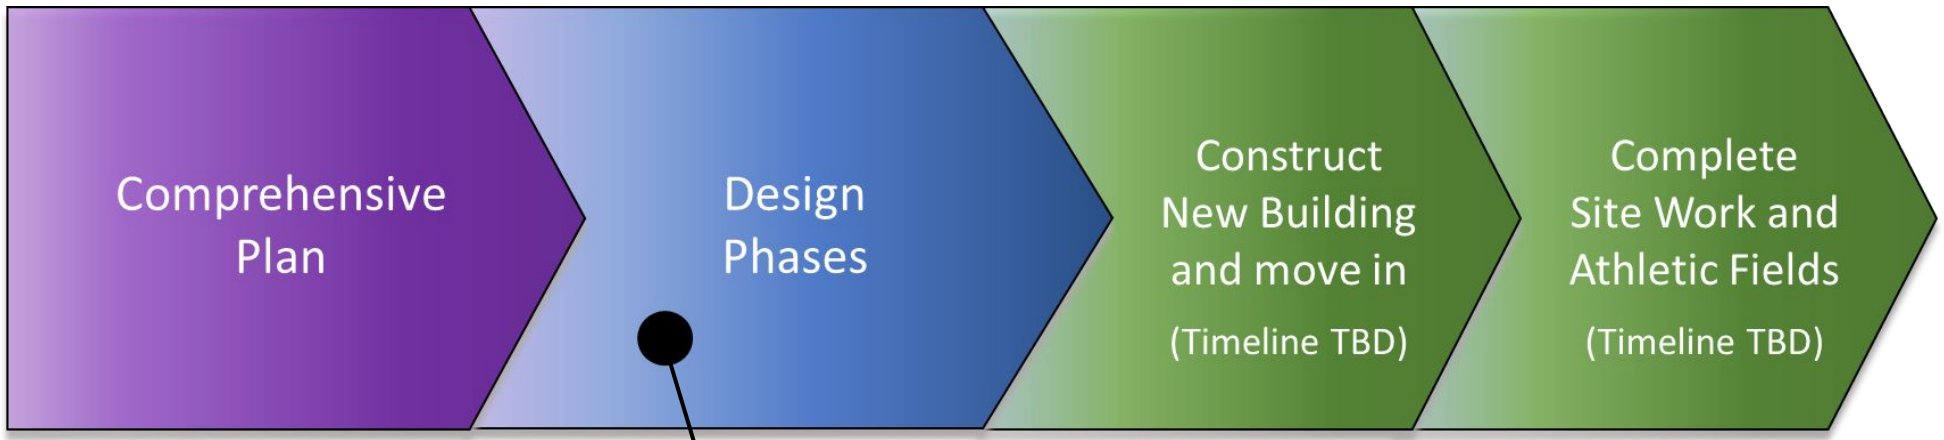

Building Size and Ed Specs:

- Design team to test-fit proposed Space Program into proposed building footprint
- IBW administration team to test its Master Schedule with the proposed Classrooms in the new Space Program

Construction Costs:

- Design team is exploring alternative facade designs and mechanical and structural system options
- Hoffman Construction is developing a Cost Model based on updated site plan and space program. To include:
  - Review of preconstruction services and GCs
  - Updated construction schedule and staging plan
