Site Opportunities and Constraints

Site Opportunities and Constraints

CURRENT CHS BUILDING
254,000sf

- >4 acre main site; smallest in District
- >On Powell Boulevard (state highway)
- >2-3 story configuration fills entire site
- >No secure outdoor space for students
- >No extra space for construction logistics; parking lot separated by 26th Avenue
- >Opportunity to create secure open space in new design
- >Opportunity to reduce construction logistics costs with smaller building

Proposed Design

CURRENT CHS BUILDING
254,000sf

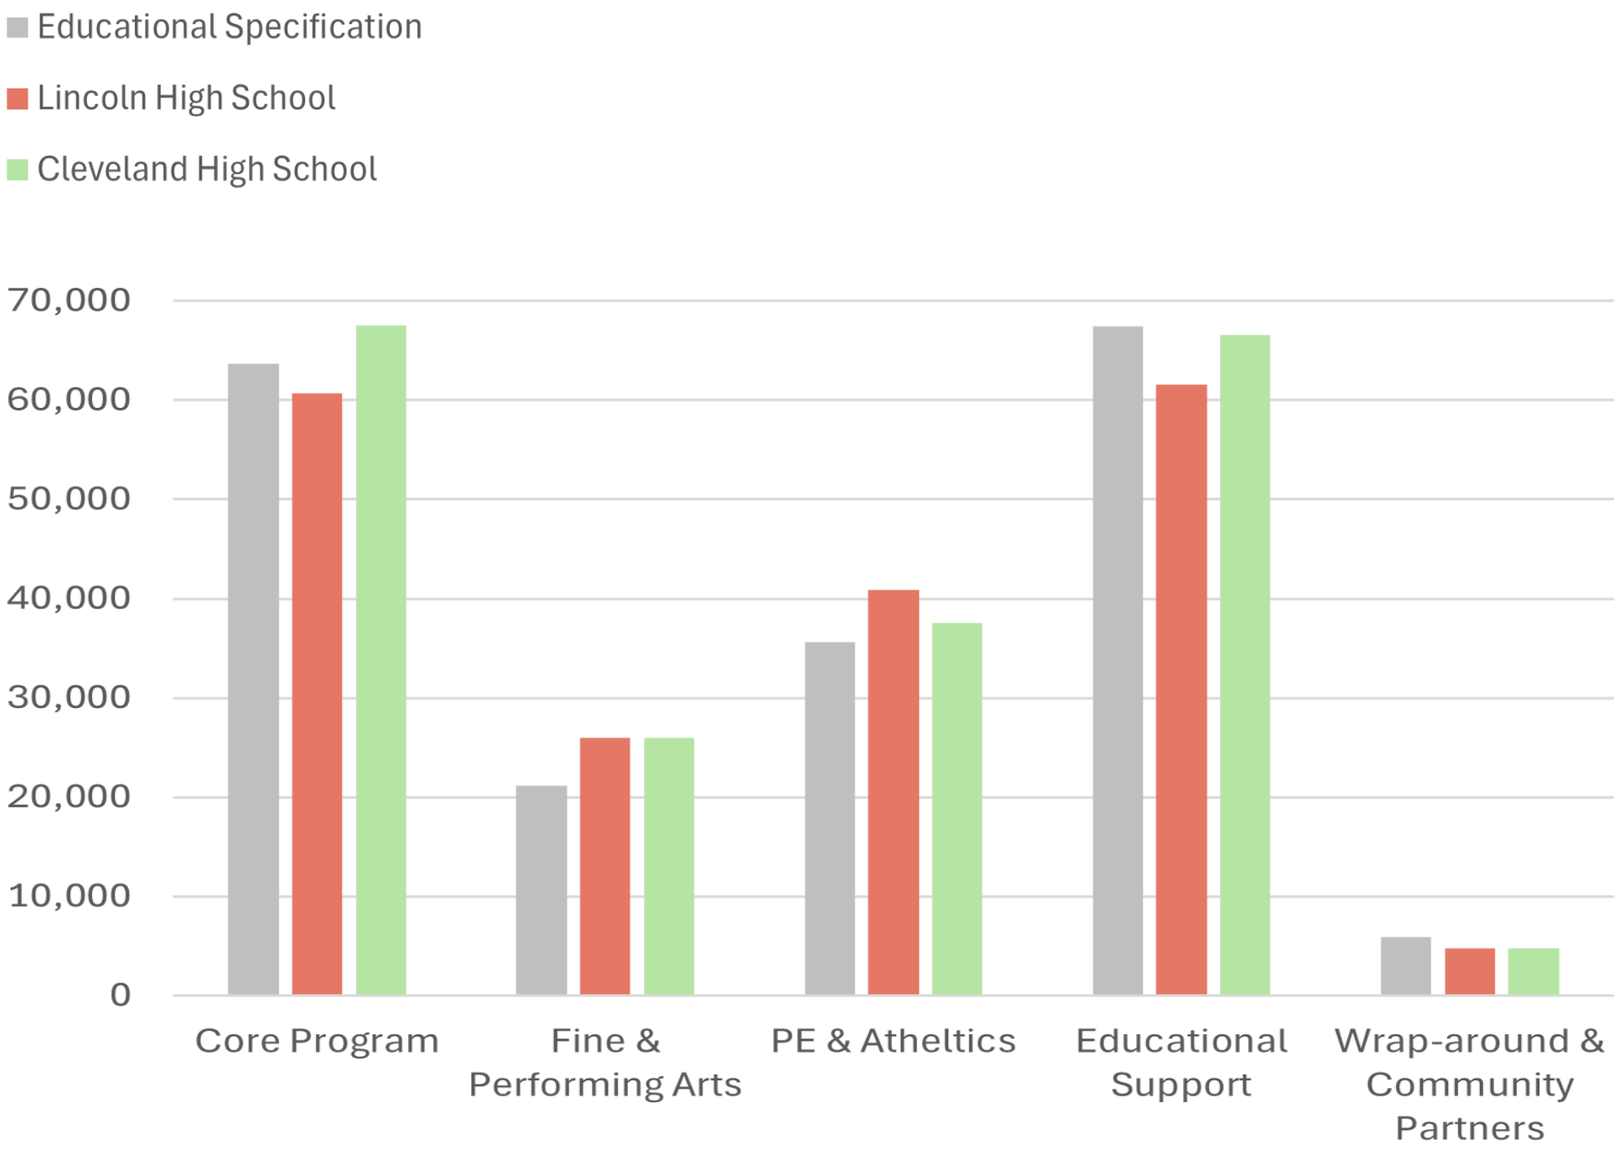

PROPOSED BUILDING
Approx. 297,000sf

Updated Athletic Fields

Athletics Cleveland Stadium Site

- >Reduced size of Field House
- >Number of team rooms from 3 to 2
- >Removal of storage building; utilize new grandstand structure instead
- >Batting facility/multi- purpose space
- >New practice field
- >Updated field lighting
- >Replacement of main field turf

©MAHLUM | Studio Petretti

Updated Athletic Fields

Potential Powell Park Improvements - Preferred Option

- Baseball field & multi-purpose field for soccer and lacrosse
- Separate softball field

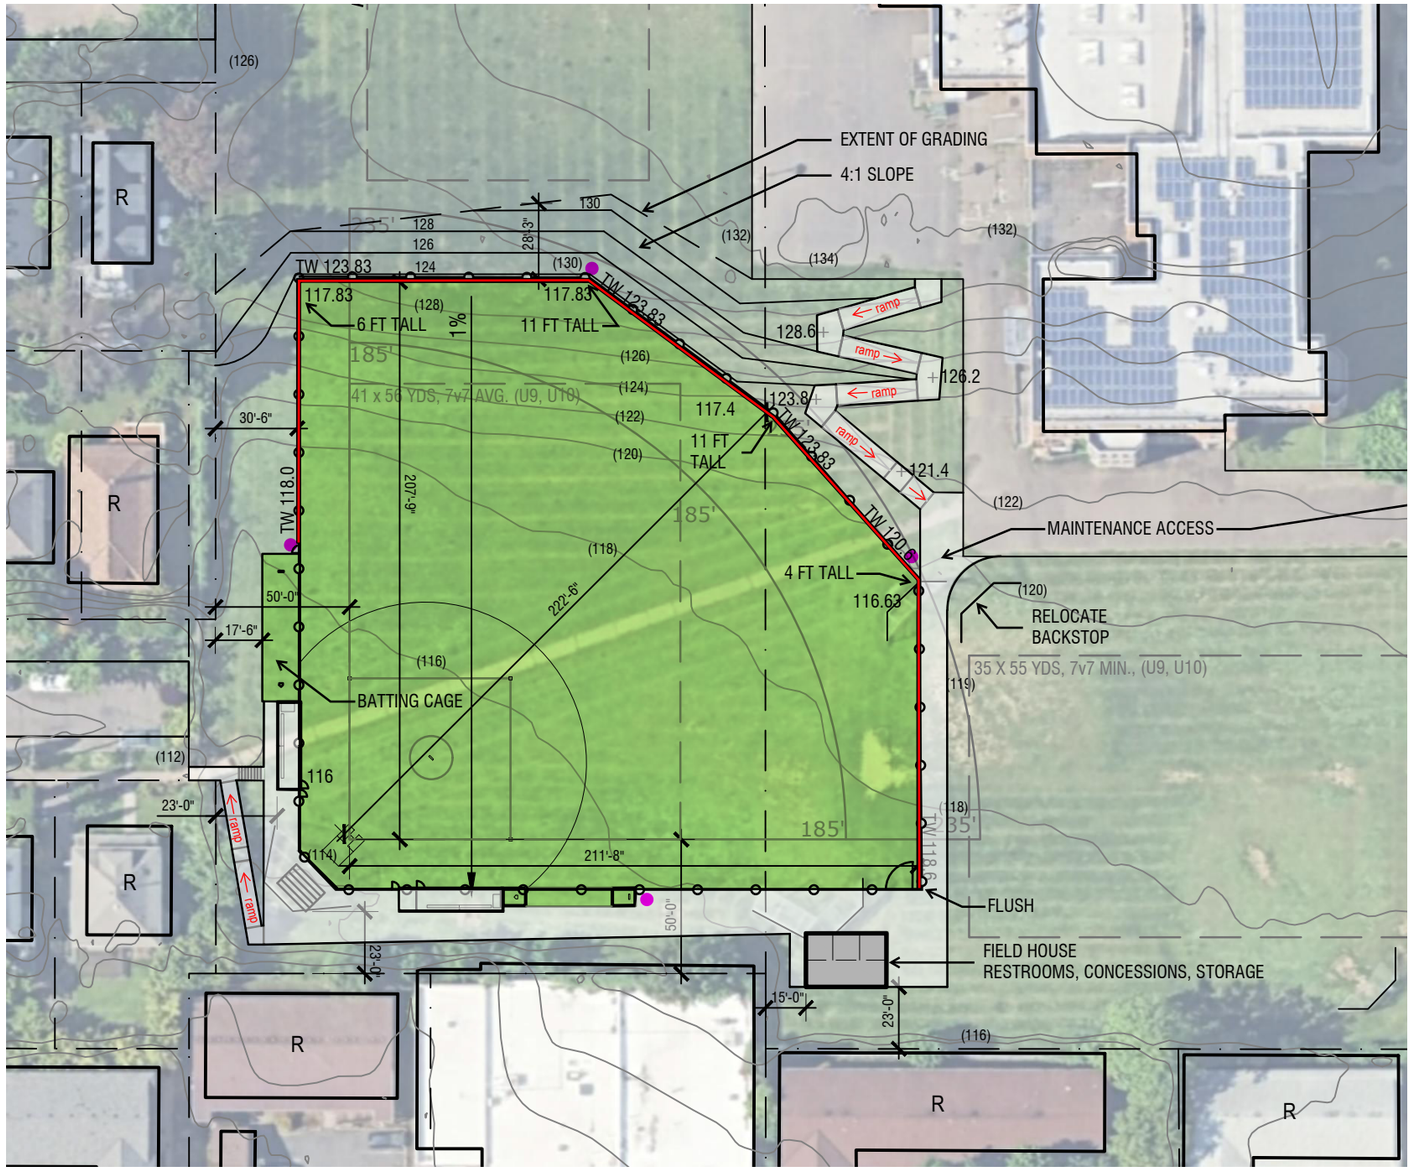

©MAHLUM | Studio Petretti

Updated Athletic Fields

Potential Hosford MS Improvements

> Softball field only
> Baseball field does not fit
> Athletic teams prefer to be together at Powell Park

©MAHLUM | Studio Petretti
