2025-26 Proposed Budget - 2025 Bond

The budget assumes passage of the 2025 bond on the May 20, 2025 ballot. The $1.83 billion bond renews the existing tax rate and would be used to:

- ➔ Update and repair schools
- ➔ Improve safety and security
- ➔ Modernize high schools Jefferson, Ida B. Wells, and Cleveland
- ➔ Improve technology and educational materials
- ➔ Update athletics and performing arts facilities

Cash flow needed in 2025-26 for 2025 bond projects is included in the proposed budget.

Bridging the Gap: Contingencies & Risks

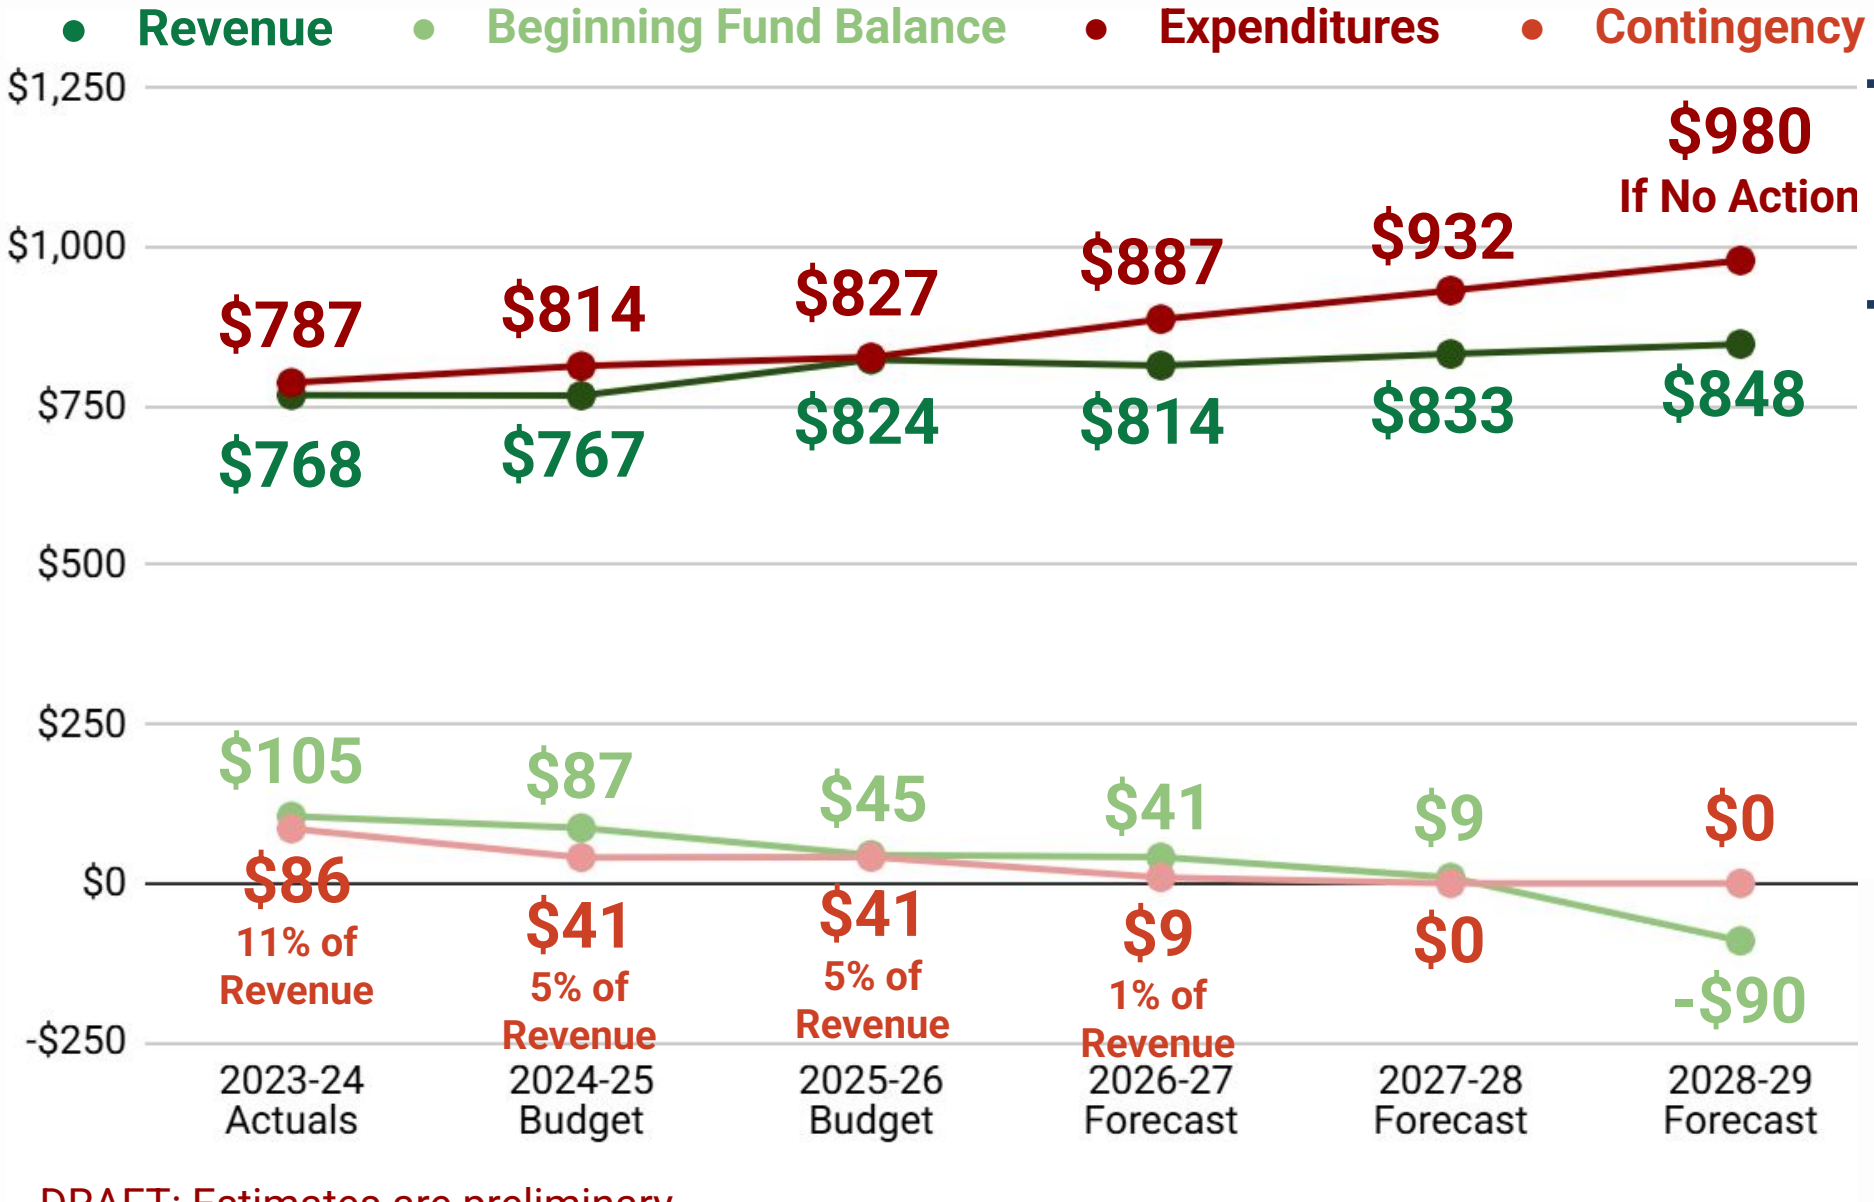

Given the significant budget gap we are facing, it may be necessary to:

- ➔ Maintain a minimal General Fund reserve
- ➔ Draw from the PERS Stabilization Fund (Fund 225)
- ➔ Implement spending restrictions
- ➔ Restrict Central Office hiring

To shield schools from the impacts of reductions as much as possible, we are willing to take these risks.

The budget is a *plan*, if our situation changes, this plan would also change.

2025-26 Projected General Fund (In Millions)

→ Expenses are increasing while revenue declines.

→ If no action Is taken, reserves are depleted and the budget deficit will compound every year.

DRAFT: Estimates are preliminary.

Reserves: A Household Example

2025-26 Federal Program Changes

Reduced Programs & Uncertainty

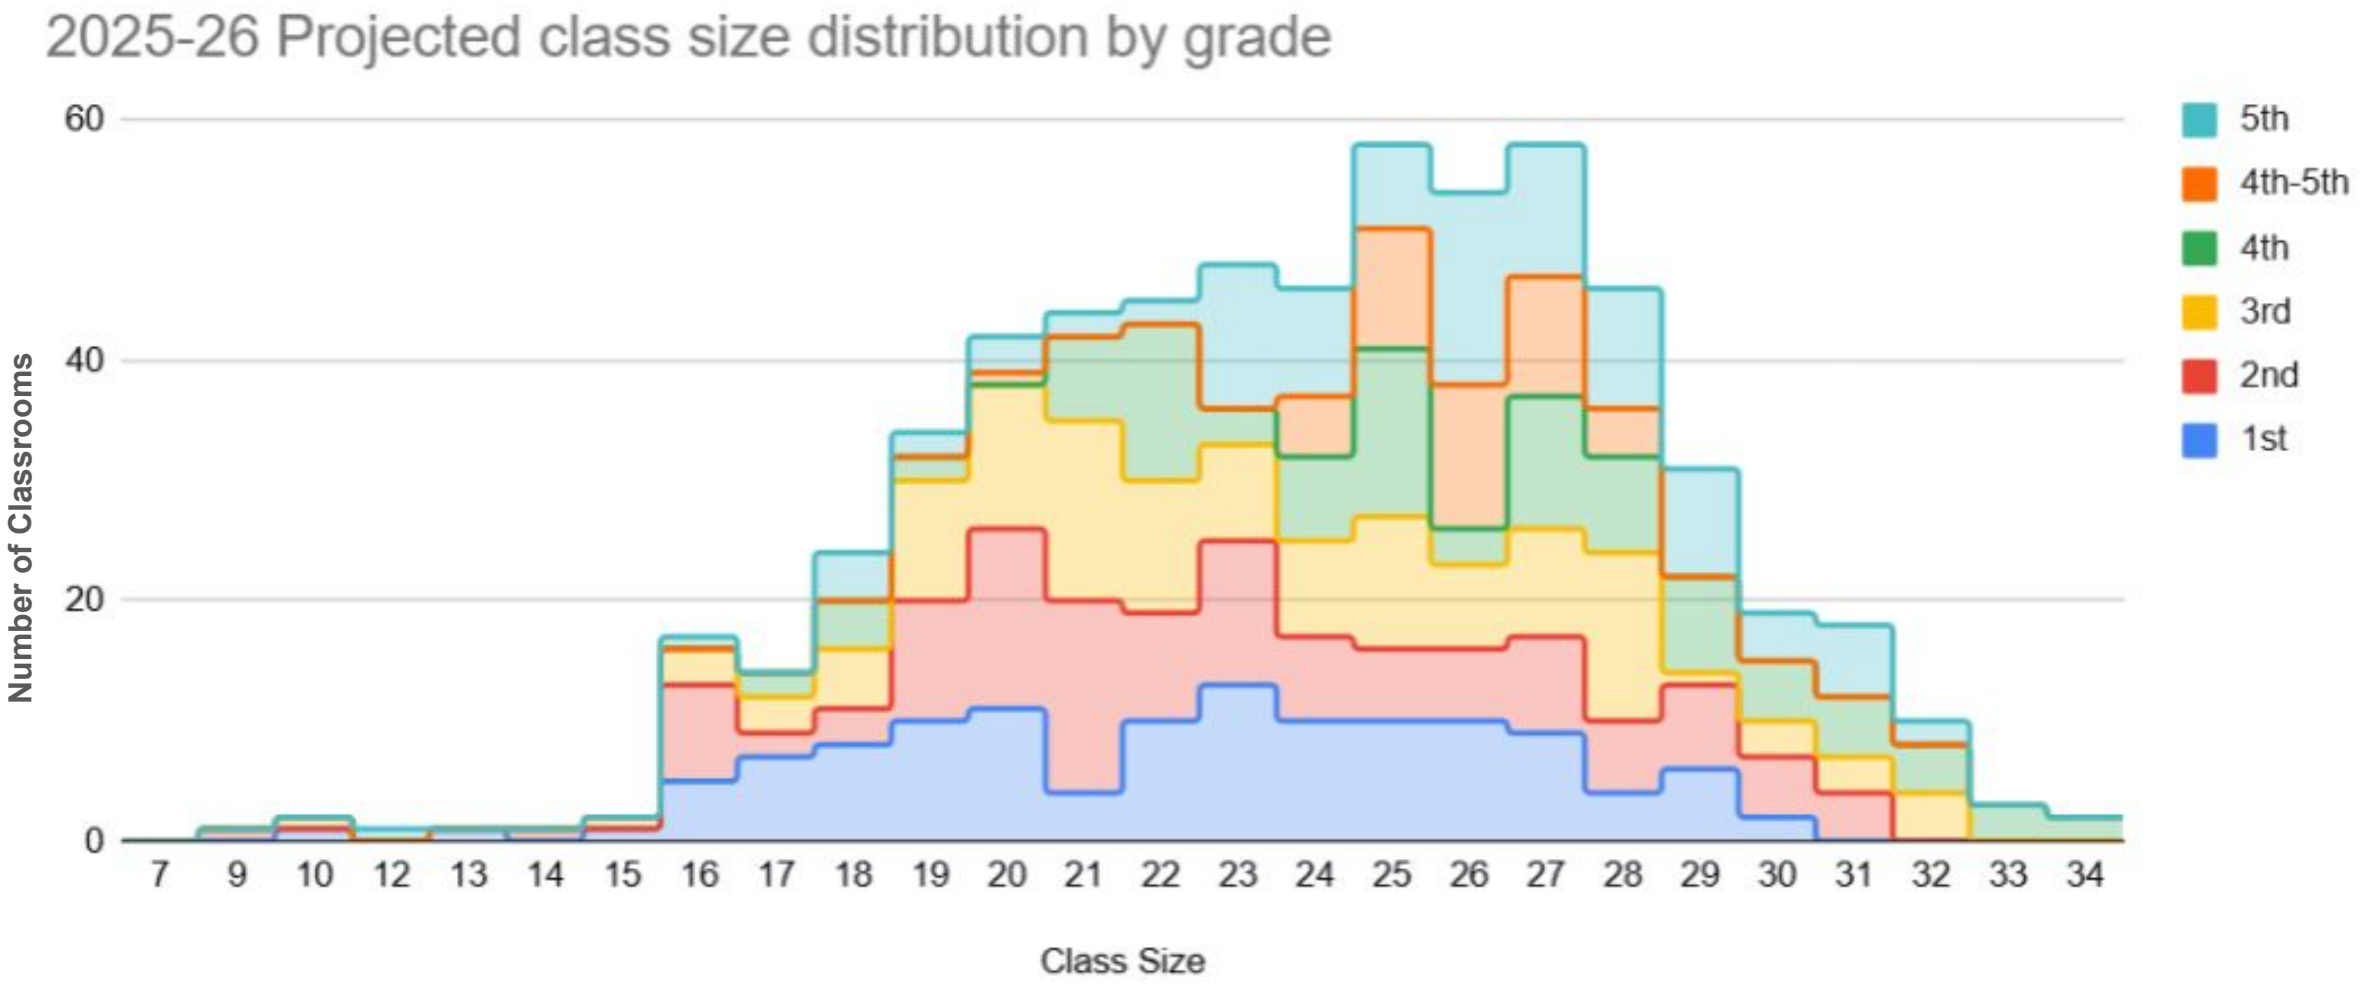

- ➔ Uncertainty in federal program changes informed our planning process.
- ➔ Title programs have been reduced 25% due to uncertainty in funding streams.
- ➔ Although some federal programs have been expanded, increased costs limit growth in service levels.
- ➔ In some cases, sunsetting programs caused reductions.

2025-26 School Staffing

Promoting
School Flexibility, Stability, and System-Wide Sustainability

- ➔ School staffing changes have been applied at all school levels.
- ➔ Class sizes have not been changed; however, upper elementary blends and middle and high school minimum class sizes have been implemented.

- ➔ Flexibility was added to allow principals to accommodate needs in their schools.

2025-26 School Staffing

- ➔ School staffing changes have been applied at all school levels
  - ◆ We **intentionally did not raise class size** across the board
    - Some bumps in FTE were removed based on school status
  - ◆ We have **retained strategic school supports**, although in some cases at a decreased level (for example, all schools will have at least a 0.5 FTE School-Based Instructional Coach to support teachers)
    - **Flexibility was added** to allow principals to accommodate needs in their schools with some allocations
  - ◆ Enrollment decline contributes to about 9% of school-based FTE reductions
- ➔ **Pre-Kindergarten** programming is continuing at the same level
- ➔ **Equity formula** is not changing

DRAFT: Estimates are preliminary and may change during the budget process.

2025-26 School Staffing

  - Kindergarten Educational Assistants are prioritized for Title I schools
  - Schools will retain support from a 1.0 School-Based Instructional Coach
    - With flexibility for 0.5 Academic Interventionist
  - International Baccalaureate (IB) supports are no longer allocated due to a lack of IB pathways to upper grades
- **Middle School**
  - A minimum class size of 15 students has been established
  - Dual Language Immersion supplemental resources are aligned to enrollment-based need
  - Title I supplemental resources are reduced from a base of 2.0 to 1.0
  - Schools will retain support from a School-Based Instructional Coach and receive discretional FTE with a choice of Instructional Coach, Restorative Justice Coordinator, School Climate Specialist, or Social Worker

2025-26 School Staffing

- **High School**
  - A minimum class size of 15 students has been established
  - Reduction of Career Coordinator funded by General Fund
    - Schools have **flexibility** to select a Career or College Coordinator funded by General Fund
