Steps for evaluating Board Goals progress:

1. Each board goal is worth 15 points. Each student group's progress for each goal is worth 3 points. This creates a possible grand total of 60 points for all four board goals.
2. If the board goal is met for the student group, award 3 points. If not, award no points (0).
3. For each board goal, note the number of student groups that made progress and rate the goal according to the below scale:
    a. 3 student groups (or more) meet out of 5 student groups total = Meets expectations (60-100% of goals met)
    b. 2 student groups meet out of 5 student groups total = Progress made towards expectations (40% of goals met)
    c. Fewer than 2 student groups meet out of 5 student groups total = Did not meet expectations (0-20% of goals met)
