Time: 6:32 pm

Staff: Michelle Morrison – Chief Financial Officer; Dr. Renard Adams – Chief Accountability & Equity Officer

Staff presented a budget update covering compliance requirements, funding changes, budget processes, and plans for more frequent Board updates and informational sessions. It was noted that following funding advocacy, the district received an increased allocation with a new service level calculation, though some state revenues declined, including reductions to the Student Investment Account, high school success grants, and Outdoor School funding. It was noted that while Federal funding remains stable, it does not account for inflation, and there are changes affecting preschool, migrant education, and multi-language learner programs. Additionally, legislation allowing unemployment benefits for striking workers could create added costs. Upcoming informational sessions will focus on major revenue components and cost drivers.

Board members commented on the need for full school funding, preserving outdoor school days, and improving collaboration between the Community Budget Review Committee and the Board. They also discussed the process for sharing Bond Accountability Committee information and requested a legal review of outdoor school funding changes.

Resolution No. 7138

Resolution to Establish the Portland Public Schools Standing Committees for the 2025-26 School Year

RECITALS

A. The Portland Public Schools Board of Education recognizes the value of Board Committees in supporting effective governance and in ensuring that complex issues receive the necessary time and attention for thoughtful consideration.

B. In accordance with Policy 1.20.014-P Board Committees, the function of special Board Committees is to consider actions or issues in detail that would otherwise monopolize the Board agenda and to provide policy advice for the Board's action or consideration, as appropriate.

C. Board Committees serve in a fact-finding, deliberative, and advisory capacity rather than as legislative or administrative bodies, and they do not have independent decision-making authority. Any recommendations developed by a Board Committee are presented directly to the full Board, which alone retains the authority to take action on such matters; and

D. A Board Committee will not have the power to act on behalf of the Board unless specifically authorized to do so, and its primary role remains to provide informed recommendations to the Board for consideration.

RESOLVED

The Portland Public Schools Board of Education approves the following Board Committees for the 2025-26 school year: Facilities Improvement and Oversight; Teaching, Enrollment and Learning; Audit; and Policy.
