As Chair of the Community and Staff Relations Committee, Director Regan presented and discussed the committee's work plan and goals. She noted that Student Representative Suleima Cortez would be joining her committee, as Ms. Cortez' schedule at school does not allow her to attend Student Achievement Committee meetings. She stated cluster planning and the Strategic Plan were also upcoming issues for her committee and other Board committees. *(A copy of the "Community and Staff Relations Committee – Proposed Work Plan, 2004-2005" is attached to the minutes or may be obtained in the Board Support Office.*)

Co-Chair Brim-Edwards suggested that development of a legislative agenda be added to the list for Community and Staff Relations.

As Chair of the Finance, Audit and Operations Committee, Director Wynde referenced his list, *"Strategic Issues – Balance of 2004-05."* (A copy of this document is attached to these minutes or may be obtained in the Board Support

Office.) Discussion ensued among Board members and staff regarding the committee's issues.

As Chair of the Ad Hoc Personnel Committee, Director Morgan stated his committee would come up with the framework and process for evaluating the performance of the Superintendent. He indicated he contacted Board members from other school boards that he met through the Broad Institute for sample evaluation material. He said he would have a draft ready for review the following week. Director Morgan noted it was important to link the work of the Board with Superintendent Phillips' leadership.

As Chair of the Student Achievement Committee, Director Jackson presented the "Committee Action Plan" and "Timeline for SACOM Activities." (Copies of these documents are attached to these minutes or may be obtained in the Board Support Office.) Discussion ensued among Board members and staff regarding the committee's issues.

In the absence of Director Williams, Chair of the Education Options and Professional Development Committee, Director Regan, a member of that committee, stated the committee would be holding hearings in January for three proposed charter schools – Victory Middle School, an international middle and high school, and a K-8 school. She said they would also be looking at a plan of operation for the Franklin World Language Institute, and noted Odyssey (at Hayhurst) also needed a plan of operation. Director Regan said the committee would develop a plan and strategy for professional development, a strategy for expansion of immersion and other focus option programs, and continue with a review of the Student Enrollment and Transfers Policy. She added they would look at the cluster planning process to see how focus options and charters fit in on a city-wide basis.

Co-Chair Brim-Edwards asked Ms. Joel to prepare a template for committee chairs to use to track issues, which would also assist Board staff in getting items scheduled ahead for full Board meetings.

The meeting of the Board's Steering Committee adjourned at 1:07 PM at the call of Co-Chair Brim-Edwards
