PORTLAND PUBLIC SCHOOLS

To: Board of Directors

From: Dr. Kimberlee Armstrong, Superintendent
Dr. Jon Franco, Senior Chief of Operations
Margaret Calvert, Assistant Superintendent, School Planning & Modernization

CC: Deborah Kafoury, Chief of Staff

Date: January 2, 2026

Subject: **Jefferson assignment resolutions**

The attached resolutions are provided for your review in advance of planned votes on January 13, 2026. The resolutions provide a path to grow and stabilize enrollment at Jefferson High School, restoring it to a vibrant, high-demand school rooted in community, culture and excellence while also sustaining robust programming at the neighboring high schools. Furthermore, they return Jefferson to a comprehensive school status, ensuring comparable access, enrollment clarity, and long-term stability for students and schools across North/Northeast Portland.

The resolutions are the culmination of a robust engagement process in fall 2025, as described in the December 4, 2025 Jefferson Dual Assignment Scenario Recommendation. They demonstrate our commitment to providing students, particularly students who have been historically underserved, well-resourced learning environments close to where they live.

End Jefferson Dual Assignment and Designate Jefferson as a Comprehensive High School

This resolution revokes the Jefferson High School focus school status and dual assignment enrollment system established through Resolution 4358 in October 2010, designating Jefferson as a comprehensive high school starting with the freshmen class in 2027-28. Staff will continue to work with stakeholders to refine, plan and enact the vision shared during the Board work session on December 16, 2025 which included an outline of a timeline, process and framework for expanding the academic, athletic and extracurricular offerings at Jefferson as it transitions from a focus to a comprehensive high school.

Attendance Boundaries for Jefferson High School

This resolution designates new high school attendance areas for elementary school neighborhoods that are now in Jefferson dual assignment zones. Additionally, it clarifies that Jefferson will continue to offer enrollment options for students who live outside the new

attendance boundaries, including students who live in other districts through the Right to Return transfer program. If adopted this resolution will also direct the Superintendent to report at least annually on the impact of its implementation through the 2030-31 school year.

The Superintendent recommends that the Board adopt both resolutions (add the resolution numbers when they are available)
