Director Sullivan provided a summary of her concerns regarding 9th-grade student access to Advanced Placement (AP) classes. Staff shared that they completed a review of AP practices, noting their findings on alignment and inconsistencies across the district. Staff's next steps include stakeholder engagement, potential revisions to the Administrative Directive, improved student supports, and clearer communication for eligible families. The anticipated timeline is to complete the work by the end of the year to inform course planning. Time: 5:19 pm

Staff: Dr. Emily Glasgow and Judy Brennan

The committee reviewed the recent history of early entry to kindergarten policy changes and discussed proposed revisions. The discussion focused on whether an exception process should exist for students with birthdays after September 1. It was noted that September 1 is a state-defined date, however not a requirement. There was discussion regarding public preschool and kindergarten options available to students who are not 5 by the cut-off date. Considerations included staff capacity for reviewing exception requests and the importance of clear messaging. Staff will gather additional data and revisit the topic at a future meeting.

Draft Proposed New Policy x.xx.xxx-P: Solicitation Registration and Reporting - Discussion only

Time: 5:56 pm

Committee Chair Brim-Edwards introduced the proposed new policy on solicitation registration and reporting, which is aimed at establishing transparency through high-level guardrails for staff to then create detailed protocols.
