Proposed Policy Revision: Field Trips, Foreign Travel, and Other Off-campus Activities Policy 6.50.010-P

Time: 4:40 pm

Board Chair Eddie Wang provided an overview of the proposed policy revisions, noting that the current policy is overly prescriptive and does not align with best practices. Committee members discussed balancing Board oversight with operational efficiency, emphasizing that either way risk management procedures and district approvals will remain in place. Suggestions included focusing Board attention on out-of-state or overnight trips, providing annual reporting for transparency, and streamlining approval for recurring trips. The Committee will work with staff to summarize the changes, share key elements of the current administrative directive, and involve Risk Management and school administrators in the policy review process.

Discussion: Plan to Review Current Policies

Time: 5:11 pm

The Committee discussed Policies for future review, including the Human Resources Policy and the District's AI Implementation and Acceptable Use Policy. Discussion included how policies could be brought forth by committee members and what the review and revision process could look like.
