Staff: Dr. Angela Freeman – Chief Human Resources Officer; Kimberly Gibson – Senior Director, Employee and Labor Relations; Michelle Morrison – Chief Financial Officer

Superintendent Armstrong expressed appreciation for the district's labor partners, and noted that the implementation of furloughs and school calendar changes are a measure of last resort. Staff detailed the revised schedule. Board members provided comments, including appreciation for the collective problem-solving efforts of staff and labor partners, and the value of recovering instructional time during the converted early release days.

Board Members provided comments and asked questions about the proposed furloughs, including discussion on the possibility of utilizing reserve funds to avoid these cuts. Staff advised against spending any reserve funds, noting that reserves are already at the policy-mandated minimum of 5%, and current reserves represent less than one month of payroll. Dropping below the 5% threshold would compromise the district's financial resiliency and ability to meet payroll in the event of mid-year state funding shortfalls. Board Members noted that the current plan provides a necessary balance between reducing workdays and avoiding additional layoffs.

Actions Taken:

- Director Chase-Miller moved and Director Sullivan seconded the motion to adopt Resolution 7285 Memorandum of Understanding between Portland Association of Teachers and School District No. 1J, Multnomah County, Oregon. The motion was put to a voice vote and passed (6 yes – 0 no – 0 abstain)

Revised 2025-26 School Calendar (Resolution 7286)

Time: 6:49

There was no Board discussion.

Public Comment:

- Gillian Murr: Indicated that requiring employees who have been unassigned to participate in furlough days is inequitable and requested that the District extend exceptions or provide reimbursement for loss of pay for employees who are laid off.

Actions:

Budget Work Session

Time: 6:55 pm

Staff: Michelle Morrison – Chief Financial Officer

Community Budget Review Committee Members: Angela Bonilla, Anne Cherry, Shain Correy, Jen Gray-O'Connor, Laura Hernandez, Karanja Crews, Julia Plowman, Eli Posada, and Shannon Staley

Staff provided a budget update, including confirming that the current mid-year shortfall has been closed through spending controls and the implementation of furloughs, with preliminary third-quarter data remaining on target. Staff reiterated that there is a projected $50 million deficit for the 2026-27 school year due to declining levy revenue and rising expenses. The presentation outlined the core principles guiding the process for drafting the 2026-27 budget.

Staff provided an overview of the Community Budget Review Committee (CBRC). Representatives from the CBRC shared recommendations for the upcoming budget, emphasizing the need for transparency, systemic stability, and the protection of student-facing roles. Their priorities included evaluating the

effectiveness of blended classrooms, restoring positions that improve student attendance, and ensuring continued support for underserved students. The committee also requested a clear accounting of staffing changes and encouraged the use of free evaluation tools to maximize resources. Board members expressed appreciation for the CBRC's service.

A summary of upcoming budget calendar activities was shared. Board Members sampled an interactive budget engagement tool. There were requests for detailed information regarding the amount of senior level staff by year. Staff committed to providing the information, indicating that many changes are anticipated in central office staffing in the coming month.

BREAK 7:28 – 7:35

Growing Great Schools-Rightsizing

Time: 7:36 pm

Staff: Margaret Calvert – Assistant Superintendent, School Planning and Modernization; and Dr. Jon Franco – Senior Chief of Operations

An overview of the right-sizing process was provided, including enrollment trends, school building capacity data, and the current proposed timeline. Information was shared on best practices and rightsizing approaches used by similarly sized districts, highlighting variations in how right-sizing processes have been implemented. Superintendent Armstrong indicated that by defining what should be true at all schools across the district a district wide vision and strategic plan also be developed.

Board members engaged in small group discussions to identify key considerations from the example materials, including actions to incorporate, non-negotiables, and areas to approach with caution. Feedback emphasized the importance of clearly defining what constitutes a well-resourced school, ensuring equitable access to programs across all schools, preserving neighborhood school access, and minimizing negative impacts on historically underserved communities. Additional considerations included transportation impacts, building utilization, and avoiding approaches that could create division among communities.

Staff indicated that the Board's feedback would inform community engagement efforts, with plans to share draft values and gather input through upcoming listening sessions and surveys. It was noted that the timeline is being refined with the goal of bringing forward recommendations in the fall, and that multiple strategies, including program adjustments and potential consolidations, will be considered. Board members participated in values prioritization activity.

Data Dive Winter 2026: 2025-26 Successful Schools Survey Results

Time: 8:37 pm

Staff: Dr. Renard Adams – Chief Accountability and Equity Officer

A summary of the 2025–2026 Successful Schools Survey results was provided, including context, methodology, and participation details. It was noted that the survey supports the district's continuous improvement efforts and was administered during a timeframe aligned with conferences to increase participation. Results indicated overall improvement across respondent groups, with positive trends in attendance, school climate, and social safety. Additional trends were shared by grade level, area, and focal student groups, along with family and staff perceptions. It was noted that families indicated an increase in school safety and climate, and that staff responses indicated that social emotional learning practices in schools are improving, while improvement in professional learning and district leadership was still needed.

Board members asked questions and shared feedback regarding survey timing, participation levels, and data reliability, and expressed concern about the experiences of multilingual learners and students with disabilities, particularly related to sense of belonging.

Board Committee and Conference Reports

Time: 9:09 pm

- Audit Committee: Committee Chair Sullivan reported on updates from the March 5 meeting, including progress on audit recommendations, current and future audit work, and a budget request for the Office of Internal Audit department that was recommended for inclusion in the district's budget.

- Facilities Improvement Oversight Committee: Committee Chair La Forte reported on the March 17 meeting, which included public comment on seismic planning and athletic project concerns, as well as updates on modernization efforts and project planning, and the results of a feasibility report on a shell option at Jefferson High School.

- Policy Committee: Committee Chair DePass reported on the March 30 meeting, which focused on updates to section seven policies, noting many of the revisions are to modernize the language. After committee discussion it was decided that a statement on the use of will in place of shall will be added to the policy on policies. Public comment was also received requesting the addition of language regarding air quality to the climate policy.

- Teaching, Learning, and Enrollment Committee: Committee Chair Chase-Miller reported on the March 12 meeting, which included discussion on instructional continuity related to field trip policy updates and preliminary information on enrollment and demographic trends.

Other Business and Future Agenda Items

Time: 9:26 pm

Staff: Rosanne Powell – Senior Board Manager

The Board discussed proposed changes to public comment procedures, including increasing both the amount of spots at a meeting and adding spots to the second scheduled meeting of the month, changing the allocation of spots to a lottery system, and the associated logistics for the proposed options. Board Members expressed support for increasing opportunities, a lottery system and limiting comment to on meeting per month per person. Chair Wang will draft revised protocols for implementation at the next meeting.

Adjourn

The meeting was adjourned at 9:58 pm by Board Chair Eddie Wang.

B. Since then, the Bond Accountability Committee, through volunteer members appointed by the Board, has overseen and continues to assist the Board with monitoring the various PPS bond programs through the Board-approved Committee charter.

RESOLUTION No. 7283

2026-27 Standard Inter-District Student Transfers

RECITALS

A. State law requires district school boards to decide each year whether to participate in the standard inter-district transfer process, including:

1. The maximum number of resident students, if any, who will be released to schools in other district,
2. The maximum number of non-resident students, if any, who will be accepted for enrollment in district schools,
3. The priorities that will apply in a random lottery, in the event that there are more requests than maximum number of slots for releases or approvals, and
4. The length of time that agreements will be in effect for non-resident students who transfer into district school.

B. More than 1,400 PPS students are residents of other districts, comprising 3.3% of district enrollment. Approximately 250 current PPS students who live in other districts will need standard inter-district transfers in order to remain in PPS schools next year.

C. For the 2026-27 school year, Superintendent Armstrong recommends the PPS Board of Directors approve the following plan for accepting residents of other districts into PPS through the standard inter-district transfer process, so long as they have received permission from their home districts:

1. An unlimited number of students will be allowed to transfer into PPS if they apply by September 15, 2026 and meet at least one of the following priorities

    a. Students who had a legal change of residence out of the PPS boundary during the past year will be allowed to remain enrolled at their current PPS schools.
    b. Students who have siblings already enrolled in PPS will be accepted, so long as space is available at the requested schools.
    c. Students who have reached the highest grade of their current PPS schools and wish to continue at the next school level (such as elementary to middle school or middle to high school) will be allowed, so long as space is available at the requested schools.

2. Additionally, up to 100 students who do not qualify for any of the above priorities will be admitted to PPS, so long as space is available at the requested schools.

    a. If there are more applicants than slots a random number will be used as a tie-breaker.

3. New transfers will remain in effect through the highest grade of the approved school, subject to conditions described in PPS 4.10.090-AD.

D. Superintendent Armstrong recommends the PPS Board of Directors approve the following plan for releasing PPS resident students to schools in other district through the standard inter-district transfer process:

1. An unlimited number of students will be released out of PPS if they apply by September 15, 2026 and meet at least one of the following priorities:

    a. Students who had a legal change of residence into the PPS boundary during the past year will be released from PPS in order to remain enrolled in their current districts.
    b. Students not yet enrolled in a different district will be released from PPS if they have siblings who attended the requested districts during the 2025-26 school year and will remain enrolled there during 2026-27.

2. In accordance with state law, releases to other districts remain in effect through 12th grade.

3. No transfer slots are allocated for resident students who do not meet the above criteria.

E. Superintendent Armstrong directs staff to develop timelines and procedures to assist families with successfully participating in the standard inter-district transfer request process.

RESOLUTION

The Board of Directors for Portland Public Schools hereby accepts the Superintendent's recommendation for accepting non-resident students into PPS schools and releasing PPS resident students to other districts.

RESOLUTION No. 7284

Adoption of the Minutes

The Following Minutes are offered for Adoption:

- March 10, 2026 – Regular Meeting

RESOLUTION No. 7285

Memorandum of Understanding between Portland Association of Teachers and School District No. 1J, Multnomah County, Oregon

RESOLUTION

The Superintendent is authorized and directed to execute the Memorandum of Understanding between the Portland Association of Teachers, representing licensed personnel, and School District No. 1J, Multnomah County, Oregon, attached hereto as Exhibit A.

Exhibit A

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding is between Portland Public School District 1J, Multnomah County, Oregon, Portland Public Schools ("PPS") and the Portland Association of Teachers ("the Association").

Recitals:

- PPS is facing an extraordinary and immediate budget shortfall.
- Both Parties want to work together to meet the financial needs and address the budget shortfall.

The Parties therefore agree to the following:

1. The Association has agreed that bargaining unit members will take four (4) furlough days prior to the end of the 2025-26 school year.
2. Furlough days are unpaid time and cannot be supplemented by paid time off.
3. Employees on furlough may not perform any work-related tasks, including checking email, unless explicitly authorized in advance and in writing by their supervisor.
4. The designated furlough days are May 1, May 25, June 9, and June 10, 2026. May 25 is a paid holiday but will now be designated as a non-work, unpaid furlough day.
5. The four (4) furlough days will be equally distributed on employees' March, April, May, and June paychecks.
6. Given June 9 and June 10, 2026 will be furlough days, June 8, 2026 will be a grading day.
7. Employees can voluntarily take more than the designated four (4) furlough days, with advance approval by Human Resources. Voluntary furlough days will be reflected on the paycheck associated with the date the furlough day was taken.
8. Employees who elect to retire at the end of the 2025-26 or 2026-27 school year and officially submit their retirement declaration by April 3, 2026, will be exempt from taking furlough days. If furlough days occur on a PPS-wide closure day, these employees will be expected to work and perform duties as assigned by their supervisor. If PPS is open, these employees will be expected to work and perform their normal duties.
9. Human Resources will provide a list of employees who are exempt from furlough days as a result of their retirement declaration no later than April 10, 2026.
10. Employees may file for unemployment insurance, however, PPS does not determine eligibility. Unemployment claims are processed through the State of Oregon Employment Department.
11. Employees will not suffer any loss of health insurance benefits as a result of furlough days.
12. Educators will have the right to choose to work remotely on Planning and Grading days (April 3, April 6, June 8) for the remainder of the school year.
13. High Schools will only have one (1) staff meeting per month for the remainder of the 2025-2026 school year.
