How We Show Up for Each Other and Ourselves in This Conversation

This conversation is different. It's not just about ideas; it's about real decisions that affect real schools and communities. So how we show up matters just as much as what we say.

STAY GROUNDED IN PURPOSE

SPEAK FROM YOUR EXPERIENCE, NOT FOR EVERYONE

HONOR THE WEIGHT OF THIS CONVERSATION

MAKE SPACE FOR EMOTIONS, STAY GROUNDED IN ENGAGEMENT

LISTEN TO UNDERSTAND, NOT TO RESPOND

MAKE ROOM FOR MULTIPLE REALITIES

NAME IMPACT WITH RESPECT AND CARE

BALANCE PARTICIPATION

RESPECT THE SPACE RESPECT ONE ANOTHER

CONTRIBUTE TO SHARED UNDERSTANDING

Learning Targets + Success Criteria

WE ARE LEARNING how to share our perspectives and experiences to help shape community-informed values, priorities, and guardrails for right-sizing decisions.

I CAN share my experiences and perspectives about what matters most for students, families, and communities.

I CAN identify values and priorities that should guide rightsizing decisions in our district.

I CAN I can contribute ideas that help shape equitable and thoughtful decisions that reflect our community's values.

Equity Lens in Rightsizing

PPS is committed to transparent and student-centered decisions.

Our district continues to direct resources based on student need and uses data and community input to inform decisions.

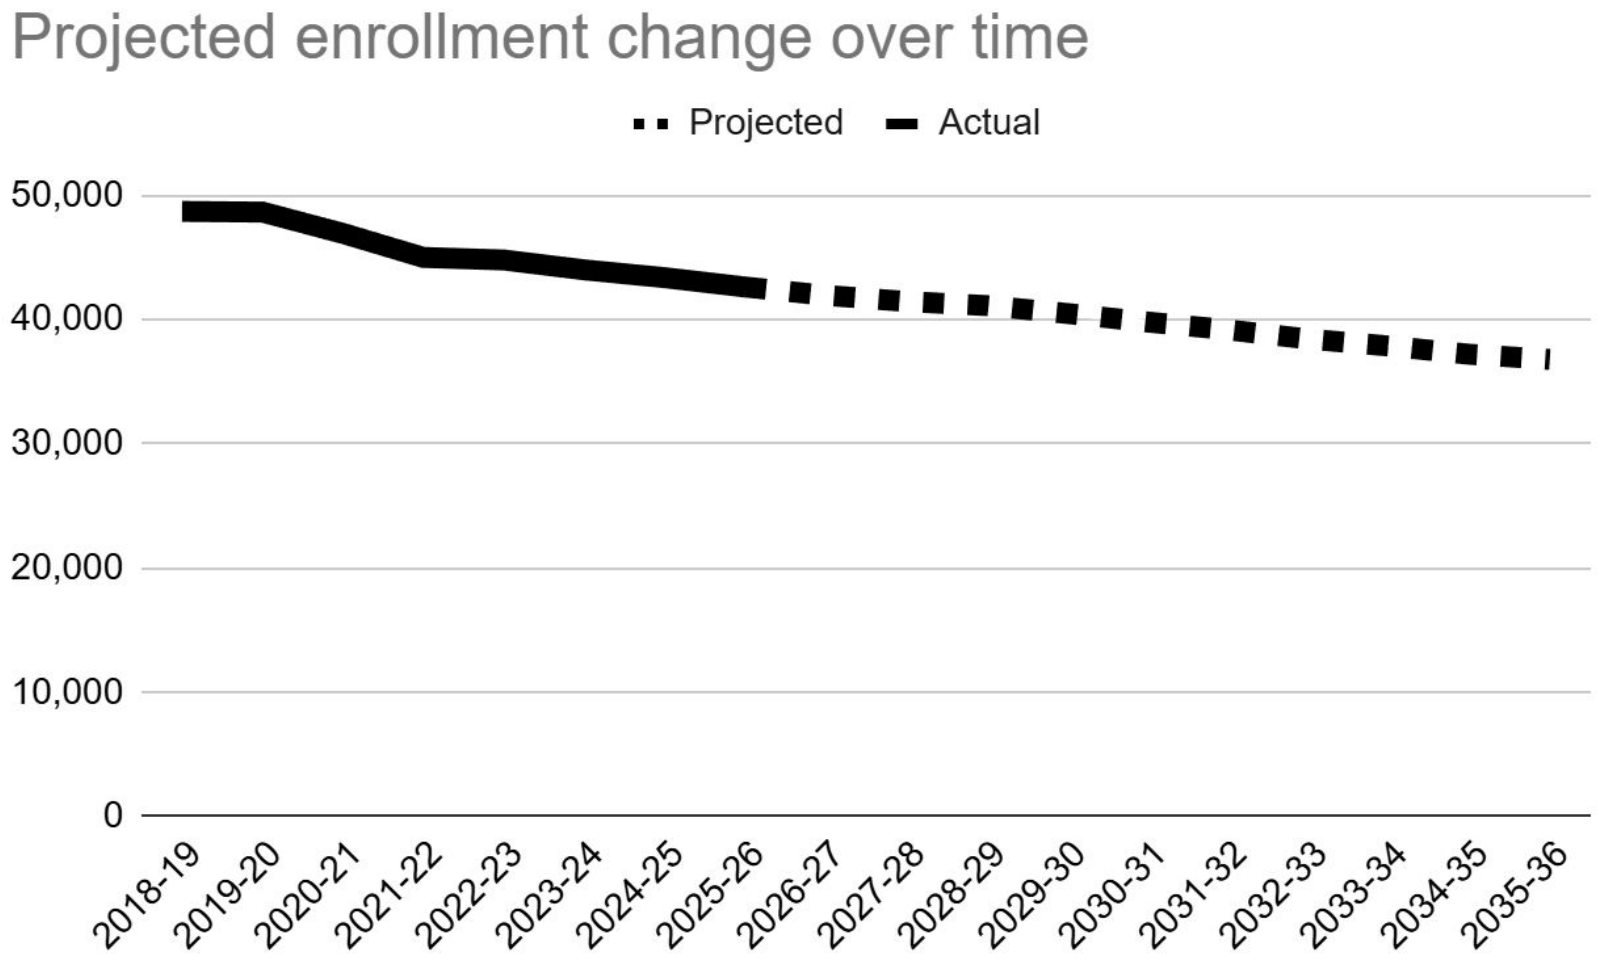

Key questions guided this process:

- ➔ Who is impacted?
- ➔ Does this recommendation reduce disparities?

As the District faces difficult decisions to close the budget gap, it is critical we hear from communities to inform planning for future school years.

Table Talks + Whole Group Share Out

Table Talk Prompt:
Whose voices are in the room today? Who aren't we hearing from?

🧭 Facilitator
Your role: Keep the conversation moving

Strategies to use:
- Start with: "Let's make sure everyone gets a chance to share."
- Go round-robin: invite each person to speak briefly
- If it gets quiet: "What do you think?"
- If one person is talking a lot:
- → "Let's hear from someone who hasn't shared yet."
- Keep the group focused on the question (gently redirect if needed)

📝 Recorder
Your role: Capture your group's thinking

Instructions:
- Go to your group's tab in the shared document
- Write down ideas as people share (don't worry about perfect wording)
- Before time ends, work with your group to:
  - Choose your Top 2–3 "must-haves"
  - Write them clearly in the box labeled: "Our Group's Top Non-Negotiables…"

🎤 Speaker
Your role: Represent your group's ideas

Be ready to share:
- Our group said that adults should make sure to _____, _____, and _____."
- "We think this is important because…"

Ranking the Factors

Factors to Consider From Policy

Student Assignment Policy - 04.10.045

The Board recognizes that such factors may conflict with one another, and include, but are not limited to, the following non-prioritized list:

Factors to Consider:

A. A feeder pattern that allows as many students as possible to continue together from one school level to the next
B. Student body demographics
C. Compact boundaries that promote safer routes to schools and a sense of community as well as recognize and address natural and human-made barriers
D. Optimal use of existing facilities
E. Program and enrollment stability in the surrounding schools
F. Limiting the impact of boundary changes to the smallest number of students possible

Factors to Consider From Policy

Rightsize. Right Conditions.

Right Pathways

A feeder pattern that allows as many students as possible to continue together from one school level to the next

Right Representation

Schools reflect and support the diverse identities of students, including race, language, and background

Right Boundaries

Compact boundaries that promote safer routes to schools and a sense of community as well as recognize and address natural and human-made barriers

Right Use of Space

School buildings are used in ways that support strong programs, full classrooms, and access to resources and opportunities for students

Right Balance

Program and enrollment stability in the surrounding schools

Right Impact

Limiting the impact of boundary changes to the smallest number of students possible

Table Talks + Whole Group Share Out

Table Talk Prompt:
After looking at the maps and thinking about the six factors in the policy what are some tradeoffs you see? How would you prioritize them?

For example: A feeder pattern that allows as many students as possible to continue together from one school level to the next (right pathways)

and

program and enrollment stability in the surrounding schools (right balance).
