- Urgent Need for Seismic Retrofitting of High-Risk School Buildings (Resolution 7109)
- Resolution to Affirm the Board of Education's Commitment to Track and Report Findings, Public Engagement and Recommendation of Seismic Upgrades through the School Facilities Improvement and Operations Committee (Resolution 7110)

Resolution Approving the Minimum Criteria for the Property Search and Analysis to Relocate from the Dr. Matthew Prophet Education Center (Resolution 7103) 05
Resolution to Approve the Formula for Distribution of Funding to Individual Schools Administered by the Fund for PPS (Resolution 7102) 06
Second Reading of a Policy: Ethics and Conflicts of Interests Policy 5.10.066-P (Resolution 7104) 06
Proposed 2025-26 Board Meeting Calendar 06
Consent Agenda: Resolutions 7106 through 7108 06
Adjournment 06
Resolutions as adopted 07

Pursuant to notice made by posting to the Board's public notices webpage and emailed to persons on the mailing list, a Regular Meeting of the Portland Public Schools Board of Education was held at Dr. Matthew Prophet Education Center - Board Auditorium, 501 N. Dixon St, Portland, OR 97227 and streamed live at: https://www.youtube.com/@ppsboardofeducation/live

Attendance

Director Julia Brim-Edwards: Present; Director Michelle DePass: Present; Director Herman Greene: Present; Director Gary Hollands: Present; Director Christy Splitt: Present; Director Patte Sullivan: Present; Director Edward Wang: Present; Student Representative JJ Kunsevi: Present

Call to Order / Opening

The meeting was called to order by Board Chair Eddie Wang at 6:12 pm

Resolution to Recognize May as Asian American Native Hawaiian and Pacific Islander Heritage Month (Resolution 7100)

Time: 6:13 pm

Staff: Dr. Jon Franco – Chief of Schools

A short video was shown. Staff provided comments on the vital role of teachers, and Board Members shared appreciation.

Actions:

- Director Splitt moved and Director Hollands seconded the motion to adopt Resolution 7100. The motion was put to a voice vote and passed (Yes: 7, No: 0)

  Brim-Edwards: Yes; DePass: Yes; Greene: Yes; Hollands: Yes; Splitt: Yes; Sullivan: Yes; Wang: Yes; Student Representative JJ Kunsevi: Yes (unofficial)

Resolution to Recognize May as Asian American Native Hawaiian and Pacific Islander Heritage Month (Resolution 7101)

Time: 6:24 pm

Staff: Dr. Jon Franco – Chief of Schools; Dr. Bobby Cruz – Director for Civil Rights; Elizabeth Ellis – Vice Principal, Virtual Scholars

Staff shared stories from their islands and family. Student Representative Kunsevi provided comments.

Actions:

- Director DePass moved and Director Sullivan seconded the motion to adopt Resolution 7101. The motion was put to a voice vote and passed (Yes: 7, No: 0)

  Brim-Edwards: Yes; DePass: Yes; Greene: Yes; Hollands: Yes; Splitt: Yes; Sullivan: Yes; Wang: Yes; Student Representative JJ Kunsevi: Yes (unofficial)

Superintendent's Report

Superintendent Kimberlee Armstrong provided her report, including time spent with campus safety staff, participation in a legislative lobby day in Salem, District events such as Earthstock 2025, Verselandia, the ongoing Lifting Literacy campaign, and an update on the Center for Black Student Excellence.

Student Representative's Report

Time: 6:49 pm

Student Representative Kunsevi provided their report, including sharing that a student from Roosevelt

has been elected as the Student Representative for 2025-26 and concerns from students. He extended an invitation to Board Members to shadow a District Student Council Representative for a day, and an invitation to everyone to attend an upcoming 2025 Bond canvassing event.

Student Comment

None

Public Comment

Time: 6:54 pm (Returned to Public Comment after moving on the next topic at 7:25 pm)

- Phil Schnabel: Teach cursive in schools
- Derek Ranta: Shared details on a Stronger Together event, and requested lights outside the Cleveland stadium and water and potable water within the stadium.
- Katherine Hubbard – Request for a Native Centered space within an existing PPS building that includes a kitchen, a gymnasium, and a place for plant relatives.

Comments from our Union Partners

Time: 7:01 pm

- District Council of Unions (DCU)
  DCU President Kelly Bond shared that while the DCU is in support of the relocation and Albina Vision Trust (ATV) project, there is concern about insufficient input from DCU staff and a reduction in the proposed square footage for facilities service spaces. She shared an email that was sent to DCU staff that felt threatening.

- Portland Federation of School Professionals (PFSP)
  PFSP President Elizabeth Held raised concerns there could be a privatization of services, particularly language access. She noted that the closure of the print shop was a mistake and suggested reinstating affected employees. It was also emphasized that all impacted staff should be considered in the Prophet Center relocation, and the new location should adequately serve student needs.

- Portland Association of Teachers (PAT)
  PAT President Angela Bonilla expressed appreciation for district educators, emphasized the importance of the 2025 bond passage, and urged approval of resolutions for seismic upgrades. She also requested the district engage all employees and union partners, including the DCU, in discussions regarding the Prophet Center's relocation.

Board Committee and Conference Reports

Time: 7:38 pm

- Audit Committee: The Audit Committee met on April 15, 2025, with topics including an update on the status implementation of the recommendations from the student body funds audit, an update on the district financial auditing firm contract, and future audit topics. The next meeting will be held June 23rd, 2025.

Community Budget Review Committee Presents their 2025-26 Proposed Budget Report and Board Budget Discussion

Time: 7:43 pm

Staff: Alexandra Martin – Finance Program Manager; Michelle Morrison – Chief Financial Officer

CBRC Members: Minyana Bishop, Karanja Crews, Aaron Cronan, Dashiell Elliott, Jen Gray O'Connor, Grace Groom, Mariah Hudson (Chair), Stephan Lindner

Community Budget Review Committee (CBRC) members shared their recommendations and feedback on the 2025–26 proposed budget and the Local Option Levy. Recommendations included developing a long-term financial plan to address ongoing budget cuts, increasing advocacy efforts, adjusting staffing more equitably for Title I schools, and reducing reliance on overload pay through alternative staffing

strategies. Additional suggestions included reevaluating the use of MAP assessments, improving enrollment outreach and attendance, diversifying revenue sources, and increasing transparency around bond and levy spending. The Superintendent commented on the 25% holdback in anticipation of Title I reductions, noting that if the funds remain available, they will be released to schools. The Board expressed gratitude for the CBRC volunteers' time.

Bond Update

Time: 8:43 pm

Staff: Dan Jung – Chief Operating Officer

Staff provided an overview of the seismic retrofitting report, and staff's analysis and next steps, noting that while a detailed timeline for completing the analysis is not available, it is anticipated this summer.

Urgent Need for Seismic Retrofitting of High-Risk School Buildings (Resolution 7109)

Time: 8:46 pm

Director Hollands introduced the resolution, noting it's asking future boards to create and adhere to a plan to retrofit improvements. Board Members provide comments on Resolution 7109, acknowledging existing and planned seismic upgrades through the current bond, the balance between prioritizing seismic safety and addressing other maintenance needs, and a desire for state funding for building safety.

Public Comment:

- Per Olstad – In support of Resolution 7109.
- Catalina Gonzalez – In support of Resolution 7109.
- John D'Avolio – In support of Resolution 7109.

Actions:

- Director Greene moved and Director DePass seconded the motion to adopt Resolution 7109. The motion was put to a voice vote and passed (Yes: 7, No: 0)

  Brim-Edwards: Yes; DePass: Yes; Greene: Yes; Hollands: Yes; Splitt: Yes; Sullivan: Yes; Wang: Yes; Student Representative JJ Kunsevi: Yes (unofficial)

Resolution to Affirm the Board of Education's Commitment to Track and Report Findings, Public Engagement and Recommendation of Seismic Upgrades through the School Facilities Improvement and Operations Committee (Resolution 7110)

Time: 9:10 pm

Director Wang provided a summary of the Resolution. Board members provided comments. There was discussion regarding whether the Resolution should state the number of meetings to be held. It was noted that oversight should include seeking the opinion of community members and reviewing the Bond Accountability Committee reports.

Actions:

- Director Sullivan moved and Director DePass seconded the motion to adopt Resolution 7110. The motion was put to a voice vote and passed (Yes: 7, No: 0)

  Brim-Edwards: Yes; DePass: Yes; Greene: Yes; Hollands: Yes; Splitt: Yes; Sullivan: Yes; Wang: Yes; Student Representative JJ Kunsevi: Yes (unofficial)

Break

Time: 9:24 pm - 9:32 pm

Resolution Approving the Minimum Criteria for the Property Search and Analysis to Relocate from the Dr. Matthew Prophet Education Center (Resolution 7103)

Time: 9:32 pm

Staff: Dan Jung – Chief Operating Officer; Dana White – Director, Planning & Property Management

Mackenzie and Bainbridge Consultant: Cathy Bowman

Albina Vision Trust: Mike Alexander, Carly Harrison, and Winta Yohannes,

Staff provided a summary of the relocation process and the minimum criteria document, including the data considered and engagement opportunities that informed the criteria, and the next steps. It was noted that the Board will continue to be engaged in all aspects of the process, and approve all decisions.

The consultant from Mackenzie and Bainbridge provided a summary of their analysis, including highlighting and comparing the scheme options. Staff provided a summary of the minimum criteria, which include: A building that is owned and not leased, is within district boundaries, is centrally located, has easy access to public transit and a freeway, has sufficient parking, accommodates PPS spatial and functional needs, is safe, and is cost neutral to PPS.

Representatives from Albina Vision Trust provided comments on the project and the AVT vision, urging the board to support the minimum criteria to keep the project moving forward.

The board heard public comment. Board members asked follow-up questions of commenters. The Board provided comments and asked questions regarding the minimum criteria. Topics included the process for soliciting feedback from staff, the square footage included in the supporting documents, and moving forward with the project.

Public Comment:

- Jennie Johnson: Concerns regarding the minimum square footage for musical instrument repair spaces included in the relocation criteria.
- Adam Maurer: Concerns regarding the minimum square footage for maintenance spaces included in the relocation criteria.

Actions:

- Director Greene moved and Director DePass seconded the motion to adopt Resolution 7103. The motion was put to a voice vote and passed (Yes: 6, No: 0, Abstain: 1)

  Brim-Edwards: Abstain; DePass: Yes; Greene: Yes; Hollands: Yes; Splitt: Yes; Sullivan: Yes; Wang: Yes; Student Representative JJ Kunsevi: Yes (unofficial)

Second Reading of a Policy: Ethics and Conflicts of Interests Policy 5.10.066-P (Resolution 7104)

Actions:

- Director Splitt moved and Director DePass seconded the motion to move the Second Reading of the Ethics and Conflicts of Interests Policy to the next Regular Meeting. The motion was put to a voice vote and passed (Yes: 7, No: 0)

  Brim-Edwards: Yes; DePass: Yes; Greene: Yes; Hollands: Yes; Splitt: Yes; Sullivan: Yes; Wang: Yes; Student Representative JJ Kunsevi: Yes (unofficial)

Proposed 2025-26 Board Meeting Calendar

Time: 11:05 pm

Chair Wang highlighted changes that were made to the draft calendar since the original circulation, and noted that the calendar will be voted on at the next meeting.

Resolution to Approve the Formula for Distribution of Funding to Individual Schools Administered by the Fund for PPS (Resolution 7102)

Time: 11:06 pm

Board members provided brief comments on the recommendation.

Actions:

- Director Greene moved and Director Brim-Edwards seconded the motion to adopt Resolution 7102. The motion was put to a voice vote and passed (Yes: 7, No: 0)

  Brim-Edwards: Yes; DePass: Yes; Greene: Yes; Hollands: Yes; Splitt: Yes; Sullivan: Yes; Wang: Yes; Student Representative JJ Kunsevi: Yes (unofficial)

Consent Agenda: Resolutions 7106 through 7108

- Resolution 7105 - Adoption of the Minutes
- Resolution 7106 - Expenditure Contracts
- Resolution 7107 - Revenue Contracts
- Resolution 7108 - Authorizing Off-campus Activities

There was no Board Discussion.

Actions:

- Director Greene moved and Director Brim-Edwards seconded the motion to adopt the Consent Agenda, including Resolutions 7106 through 7108 The motion was put to a voice vote and passed (Yes: 7, No: 0)

  Brim-Edwards: Yes; DePass: Yes; Greene: Yes; Hollands: Yes; Splitt: Yes; Sullivan: Yes; Wang: Yes; Student Representative JJ Kunsevi: Yes (unofficial)

Other Business / Committee Referrals

None

Adjourn

The meeting was adjourned at 11:10 pm by Board Chair Wang.

Submitted by:

Kara Bradshaw
Executive Assistant/Board Clerk

RESOLUTION No. 7100

Resolution to Recognize Teacher and Administrator Appreciation Week of May 5, 2025

RECITALS

A. Over 3,900 Portland Public Schools administrators, teachers and professional educators, through their expertise and passion, prepare over 40,000 students in Portland Public Schools to succeed in college and career and to become responsible members of our community.

B. The Board of Education recognizes and appreciates the ongoing dedication of our administrators and educators, whose commitment to excellence ensures a high-quality education for all students within Portland Public Schools.

C. Each day, Portland Public Schools administrators and educators inspire students by delivering rigorous, authentic curriculum and instruction, along with personalized learning experiences that are relevant to students' lives, ignite their creativity, and empower them to reach their fullest potential.

D. On a daily basis, administrators and educators build strong relationships with students and families, fostering teamwork and collaboration that supports students as active, engaged learners both in school and at home.

E. Administrators and educators consistently work together to strengthen their teaching practices, ensuring that they meet each student's unique learning needs and styles.

F. Administrators and educators extend their efforts beyond the classroom by developing meaningful partnerships with community organizations to create dynamic and enriching learning environments.

G. Our educators and administrators go beyond academic instruction, providing essential social and emotional learning, mental health support, and holistic care to nurture the whole child.

H. Daily, educators and administrators support students in embodying the attributes outlined in the Graduate Portrait, while modeling the skills, knowledge, and mindset outlined in our Educator Essentials.

RESOLUTION

1. The Portland Public Schools Board of Education declares the week of May 5, 2025, Educator and Administrator Appreciation Week in recognition and appreciation of their dedicated efforts to ensure the success of students in Portland Public Schools.

2. Be it further resolved that the Board encourages the Portland Public Schools community to join in honoring Professional Educators and Administrators for their positive impact on our students and our community.

RESOLUTION No. 7101

Resolution to Recognize May as Asian American Native Hawaiian and Pacific Islander Heritage Month

RECITALS

A. Asian American and Pacific Islander Heritage in the United States was celebrated beginning in 1978 and was made into a month-long event in 1992, as a way to honor and recognize the contributions of residents from Asia, India and the Pacific Islands.

B. During Asian American, Native Hawaiian, and Pacific Islander Heritage Month, we recognize the innumerable contributions, vibrant cultures, and rich heritage of Asian Americans, Native Hawaiians, and Pacific Islanders (AA and NHPIs), who have lived and worked in Oregon for more than 200 years contributing in to Oregon's and the United States' economy, culture, education, politics, arts, literature, science and technological developments despite institutional and systemic injustices designed to prevent and limit these achievements and contributions.

C. Asian American, Native Hawaiian, and Pacific Islanders are among the fastest growing communities in Oregon and Multnomah County. This migration has been both voluntary and forced due to war and environmental degradation in their native countries.

D. During Asian American, Native Hawaiian, and Pacific Islander Heritage Month we acknowledge the additional determination, hard work, and perseverance. Asian Americans, Native Hawaiians, and Pacific Islanders must put forth to be heard and seen.

E. Our schools honor and preserve the linguistic and cultural assets of students through student clubs like Asian Student Union, Asian Pacific Islander Club, Asian American Association and Vietnamese Club. Enrichment programs such as our Dual Language Immersion and the option to obtain a Seal of Biliteracy upon graduation, honor and enrich the diverse backgrounds of our heritage and native Chinese, Japanese and Vietnamese speakers, while exposing non-native speakers to diverse multilingual and multicultural perspectives.

RESOLVED

The Portland Public Schools Board of Education recognizes May as Asian American Native Hawaiian and Pacific Islander Heritage Month and strongly encourages our staff and community to observe, recognize, and celebrate the culture, heritage, and contributions of Asian American, Native Hawaiian and Pacific Islanders to our country, our state, our cities, and our schools.

RESOLUTION No. 7102

Resolution to Approve the Formula for Distribution of Funding to Individual Schools Administered by the Fund for PPS

RECITALS

A. The Portland Public Schools Board of Education District-Wide Advocacy and Fundraising Policy (7.10.020-P) requires that the Parent Advisory Committee develop, in advance of the following school year, a recommended formula for the distribution of any funding to individual schools ("Distribution Model for Funding") .

B. The Parent Advisory Committee met six times between February 12, 2025 and March 26, 2025 to develop a Distribution Model for Funding , and the Parent Advisory Committee sought feedback from school administrators during that process.

C. On April 8, 2025, the Parent Advisory Committee shared their recommended Distribution Model for Funding for the 2025-26 school year with the Board of Education.

RESOLUTION

The Board of Education approves the recommendations made by the Parent Advisory Committee for the Distribution Model for Funding administered by The Fund for PPS (attachment "A").

Attachment "A"

High Impact Tutors - $660,000

Our number one priority is to add student-facing staff in schools. We also considered adding teachers, counselors and full-time Educational Assistants, but investing in High Impact Tutors (HIT) for Reading in Elementary Schools will serve more students in more schools, given the funding we have available. This investment is also measurable, which will help in reporting back to donors the impact of their donations.

This model aligns with national and local best practices for High Impact Tutoring, integrating: Frequent, consistent tutoring sessions; Strong student-tutor relationships; Data-driven, skill-based interventions; Alignment with PPS literacy curriculum and instructional priorities.

IXL Digital Platform - $70,000

IXL Digital Platform for 9th and 10th graders allows us to also impact high school students with the aim to increase success in Algebra, a key determinant of high school graduation. IXL provides a suite of PPS adopted curriculum-aligned adaptive digital mathematics support, individualized skill practice, and real-time skill assessments designed to bolster algebra proficiency, improvements in graduation rates, and post-secondary readiness.

Food Pantries in 20 Community Schools (Title I K-5/K-8 Schools) - $200,000

According to the Needs Assessments conducted by PPS Community Schools Site Coordinators, access to food was the first priority need expressed by families. Given the uncertainty of funding for hunger relief from all levels of government (e.g. USDA, Mult Co), PAC wanted to prioritize food. Some of the schools are starting from scratch with their food pantries and this investment will provide the infrastructure needed (e.g. refrigerators, shelving). Remaining funds will be used for purchases of culturally specific nutritional food to supplement what is acquired through community partnerships, Oregon Food Bank and other donations.

Seed Fund for Future Fundraising - $100,000

After spending so many hours dedicated to this process, PAC representatives want to ensure the future success of fundraising for the district wide model, with a goal of fundraising closer to $4,000,000 in the next year. This would enable funding High Impact Tutors and potentially other staff in potentially all schools and serving more students. Seed funding will be utilized for marketing and fundraising efforts to engage PPS families and the broader community in supporting Champion PPS Schools, the campaign for this districtwide model coordinated by The Fund for PPS, fundforpps.org.

Endowment

The committee is also interested in establishing an endowment for Champion PPS Schools. One idea is to invite people to donate directly to an endowment. In addition, there is interest in setting aside 10% of donations to deposit in an interest-bearing account for the endowment.

Resolution No. 7103

Resolution Approving the Minimum Criteria for the Property Search and Analysis to Relocate from the Dr. Matthew Prophet Education Center

RECITALS

A. On May 25, 2021, the PPS Board of Education unanimously approved Resolution No. 6303 which granted the Albina Vision Trust (AVT) right of first offer and right of first refusal on the PPS- Dr. Matthew Prophet Education Center (PEC) property.

B. On February 20, 2024, the PPS Board of Education unanimously approved Resolution 6861 As Adopted. This resolution reaffirms PPS's strong commitment to the Albina Vision—a community-driven effort to reimagine and revitalize the 94 acres of Lower Albina, an area from which thousands of primarily Black residents were forcibly displaced over decades of urban renewal. It directs the Superintendent to establish Minimum Criteria to guide the search for, and evaluation of, new sites to relocate the District functions currently housed in the PEC. In collaboration with the Albina Vision Trust, a comprehensive Work Plan will also be developed. This plan will outline the key tasks, milestones, deliverables, and timelines required to complete the relocation of PPS operations and facilitate the transfer of ownership of the PEC to the Albina Vision Trust through a series of real property transactions. The entire transition is to be completed with an all-in, cost-neutral impact to PPS.

C. The District recognizes that relocating the Prophet Center necessitates careful, strategic planning to ensure the seamless continuation of its current functions, with the aim of maintaining or enhancing features that will support the District's educational support needs for the next 50 to 100 years.

RESOLVED

Therefore, be it resolved that the Board of Education:

1. Approves the Minimum Criteria attached as Exhibit A and the Work Plan attached as Exhibit B and authorizes the Superintendent, or designees, to commence real property search and evaluation efforts to meet the objective identified in Paragraph B of this resolution.

2. Directs the Superintendent, or designee, to provide regular property search and evaluation status updates to the Board.

Exhibit A

Minimum Criteria and Underlying Assumptions 4/8/2025

SECTION 1: MINIMUM CRITERIA

Minimum Criteria Overview

This document outlines the property criteria to be considered when evaluating potential administrative and operations center relocation options for the Portland Public School (PPS) headquarters. These criteria, to be reviewed and approved by the PPS Board, will serve as guiding tools to facilitate the identification, evaluation and selection of replacement facilities that meet PPS's organizational needs and support the delivery of high-quality services to students and families for years to come.

Over the past eight months, PPS design consultants Mackenzie and Bainbridge conducted a comprehensive assessment of the Prophet Education Center to inform the creation of these criteria, with findings outlined in the attached PEC Space and Programming Evaluation report. The study aimed to align facility requirements with the effective delivery of services to students and families by conducting a multi-phase analysis. This included benchmarking peer districts through interviews and site tours, engaging in detailed departmental interviews with PPS staff to understand operations and space needs, and conducting a comprehensive analysis that synthesized both qualitative insights and quantitative data to inform final programming recommendations. A summary of this report is on page 3 of this document.

Minimum Criteria:

- **Criteria 1: Owned not Leased**
  - Context: The District does not have the financial capacity to take on a long-term lease that would increase over time. Ownership also allows greater control over operating expenses.
- **Criteria 2: Within District Boundaries**
  - Context: The Administrative site must be within District boundaries. However, the Operations Center could be outside the boundaries if it results in a more appropriate site and any increase in average driving time is justifiable.
- **Criteria 3: Central Location**
  - Context: Given the high volume of travel between the District headquarters and schools, the location(s) should be reasonably central (relative to schools) to allow efficient travel back and forth for both PPS staff and the public.
- **Criteria 4: Easy Freeway Access**
  - Context: The location(s) needs good access to major freeways and arterials.
- **Criteria 5: Access to Public Transit**
  - Context: As part of the PPS commitment to Climate Justice, we will continue to encourage use of mass transit.
- **Criteria 6: Parking**
  - Context: The new location(s) must have a reasonable (warehouse 1:1000 SF and admin 2:1000 SF) number of on-site parking spaces correlated to the

functions at the site, including parking for visitors and families who need to access Central Office functions and Board meetings.

- **Criteria 7: Accommodates PPS Spatial and Functional Needs**
    - Context: The selected relocation options must support PEC's programming as identified through the PEC Space and Programming Evaluation report. Select parameters and assumptions are highlighted below:
        - On-site workspace for every PPS Central Office employee.(March 2025 staff count without increase or reduction; no changes to PPS operations were assumed).
        - Equivalent conference space to PEC (redistributed in quantity, size, and capacity to better align with needs).
        - Break and lunchroom space within industry standards.
        - Private office space in line with sensitive work requirements and District policy.
        - Boardroom space with equivalent seating capacity, dais, and AV capacity as PEC Boardroom
        - Operations space for current functions and inventory storage, including:
            - Fabrication & Shop Maintenance
            - Nutritional Service, including industrial kitchen
            - Warehouse
            - Chief Operating Officer (COO)
            - Office of School Modernization (OSM)
            - Security Services
            - Real Estate and Construction Management (REC)
            - Office of Technology Information Services (OTIS)
            - Loading Docks (at least 10)
            - Fleet Parking (at least 121 spaces)
- **Criteria 8: Safety**
    - Context: Site safety is critical for staff and visitors, particularly after dark.
- **Criteria 9: Cost Neutral to PPS**
    - Context: Consistent with Resolution 6861 As Adopted, the entirety of the relocation must be cost neutral to PPS.

SECTION 2: PEC PROGRAMMING AND SPACE EVALUATION SUMMARY

PEC Space and Programming Evaluation Report Context and Usage

This study produced two primary information deliverables:

1) Square footage recommendations
2) Space Programming recommendations

PPS will use the square footage recommendations to inform the general property specifications in a property search solicitation. PPS will incorporate square footage range, based on the consultant square footage recommendations, within the property solicitation to account for variability in layout and efficiency on a property-by-property basis.

Once potential properties are identified, PPS will use the programming, the spatial and functional specifications that support PPS operations, to confirm that the specific relocation option meets PPS's needs. This will be done through "test fits", which are a design process where a proposed space or building layout is tested for its feasibility.

Findings Summary:

This study contemplated three scenarios PPS may encounter when looking at market relocation options, with square footage estimates provided as general guidelines based on planning assumptions and standard multipliers to be confirmed with "test fits":

SCHEME 1:

- Combined Facility - 279,000 SF

SCHEME 2:

- Administration Facility with Operations Staff - 114,000 SF
- Operations Facility without Operations Staff - 168,000 SF

SCHEME 3:

- Administration Facility without Operations Staff - 91,000 SF
- Operation Facility with Operations Staff - 191,000 SF

	STAFF COUNT	CURRENT GROSS SQUARE FEET	MINIMUM GROSS SQUARE FEET	PERCENT REDUCTION
SCHEME 1				
SINGLE SITE	691	339,636	278,557	18%
SCHEME 2				
ADMINISTRATION	577	115,218	113,544	1.5%
OPERATIONS CENTER	114	224,418	168,121	25%
TOTAL	691	339,636	281,665	17%
SCHEME 3				
ADMINISTRATION	419	89,106	91,369	-2.5%
OPERATIONS CENTER	272	250,530	190,395	24%
TOTAL	691	339,636	281,764	17%

SPACE PROGRAMMING ASSUMPTIONS:

ADMINISTRATION SPACE ASSUMPTIONS

- Parking Ratio 2:1000 SF
- Staff counts reflected are accurate as of March 2025.
- A seat is assumed for every staff member currently assigned to PEC, a hybrid-work model was not considered.

- Departments included in Administrative HQ in Scheme 3
    - Superintendent
    - Chief of Staff
    - Finance
    - General Counsel
    - Human Resources
    - Accountability and Equity
    - Teaching and Learning
    - Student Success Services
    - School Performance
- Square footage requirements for off-site staff/functions are not included.
- Workspaces have been standardized as follows:
    - 36 sf (6x6) - standard workstation
    - 120 sf - standard office (Directors)
    - 220 sf - office with meeting space for 4-6 (Chiefs)
    - 320 sf - office with meeting space for 6+ (Superintendent only)
- The current boardroom and adjacent flex space square footage was maintained and combined to account for a more functional/flexible space.
- Conference rooms are listed as either shared or dedicated based on department programming meetings. These may fluctuate but provide design flexibility for PPS.
- The square footage allocated to conference rooms is similar to PEC but has been redistributed in quantity, size and capacity to better align with program needs.
- A lunchroom/cafeteria with cooking capabilities was not included. The cafeteria at the PEC site has not been in operation since 2020. Break room space appropriate for the staff count was listed as a lump sum to be distributed depending on the scenario and built conditions.
- An industry standard circulation multiplier of 1.55 was added to the net square footage (NSF) for all admin spaces to calculate usable square footage (USF). This is typical when the building program is predominantly workstations. However, it does not include contingency to compensate for inefficiencies in a building floor plate.
- A building gross multiplier of 1.2 was added to the usable square footage (USF) to account for exterior walls, vertical penetrations/circulation, building systems and restrooms to calculate gross square footage (GSF).
- Current building code will require more fixtures (i.e., restroom counts) than what was required when PEC was built, resulting in added square footage. New facilities will be required to meet the current building life safety code, ADA, energy code, etc. It is assumed the applied building gross multiplier will account for this deficiency.

OPERATIONS CENTER SPACE ASSUMPTIONS

- Staff counts reflected are accurate as of March 2025.
- A seat is assumed for every staff member currently assigned to PEC, a hybrid work model was not considered.
- Departments included in Operations Center in Scheme 3:
    - Fabrication & Shop; Maintenance
    - Nutritional Service
    - Warehouse
    - Chief Operating Officer (COO)
        - Office of School Modernization (OSM)

        - Security Services
        - Real Estate and Construction Management (REC)
    - Office of Technology Information Services (OTIS)
- Parking Ratio 1:1000 SF
- Fleet Parking (inclusive of boom lifts, etc) - 121 fleet vehicles
- Square footage requirements for off-site staff/functions are not included.
- An industry standard circulation multiplier of 1.15 was added to the net square footage (NSF) for all operations spaces to calculate usable square footage (USF). This is typical for a fabrication/warehouse facility. However, it does not include contingency to compensate for inefficiencies in a building floor plate.
- A building gross multiplier of 1.15 was added to the usable square footage (USF) to account for exterior walls, vertical penetrations/circulation, building systems and restrooms to calculate gross square footage (GSF).
- Current building code will require more fixtures (i.e., plumbing counts) than what was required when PEC was built, resulting in added square footage. New facilities will be required to meet the current building life safety code, ADA, energy code, etc. It is assumed the applied building gross multiplier will account for this deficiency.
- Current building code will include safety requirements for clearance areas around large equipment and a new racking system in the warehouse. These requirements are reflected in the square footage recommendation.

Shops/Maintenance

- Elimination of obsolete machinery resulted in a reduction of 30% of shop area; however new code and safety required clearances around the remaining equipment resulted in added square footage.
- This assumes that inventory of parts and storage in the shops (excluding the music shop) will be analyzed and purged by the department and reduced by an estimated 25%.
- The shops and maintenance area is comparable in size to peer districts that were reviewed by PPS and the consultants.

Warehouse

- Racking requirements for the warehouse only (excluding shops and nutritional service spaces) are generally measured by the stored volume. After minimal purging, approximately 270,000 cubic feet (includes only the racks and aisles between the racks) is estimated to be required to accommodate the existing storage and flex space needs. Based on this cubic feet, the following are the square footage needed for various clear height scenarios.
    - If a warehouse has a 30’ Clear Height - 33,000 SF (usable) of racking and circulation within the racking area. Total Warehouse requirement of 144,000 SF (gross).
    - If a warehouse has a 20’ Clear Height - 35,775 SF (usable) of racking and circulation within the racking area. Total Warehouse requirement 150,468 SF (gross).
    - If a warehouse has a 16’ Clear Height - 42,299 SF (usable) of racking and circulation within the racking area. Total Warehouse requirement 157,765 SF (gross)
- PEC currently has 25 loading docks that are not fully utilized. The recommended facility reduces the loading docks to 10 + loading docks with a dedicated loading zone.

(Loading docks are elevated from ground level and have dock levelers for safety and ease of loading. Loading zones are dedicated short term parking areas to load sprinter vans and standard vehicles.)

- Nutritional Services test kitchen was calculated based on the new Lincoln High School kitchen to be reflective of current operational needs. Per USDA requirements, and FDA regulations, Nutritional Service programmed space now includes dedicated storage for food in lieu of part of the larger warehouse storage area.
- Bond warehouse, leased warehouse, off-site storage were all excluded from the square footage recommendation. The approximate SF of off-site storage is approximately 69,826 SF (usable).

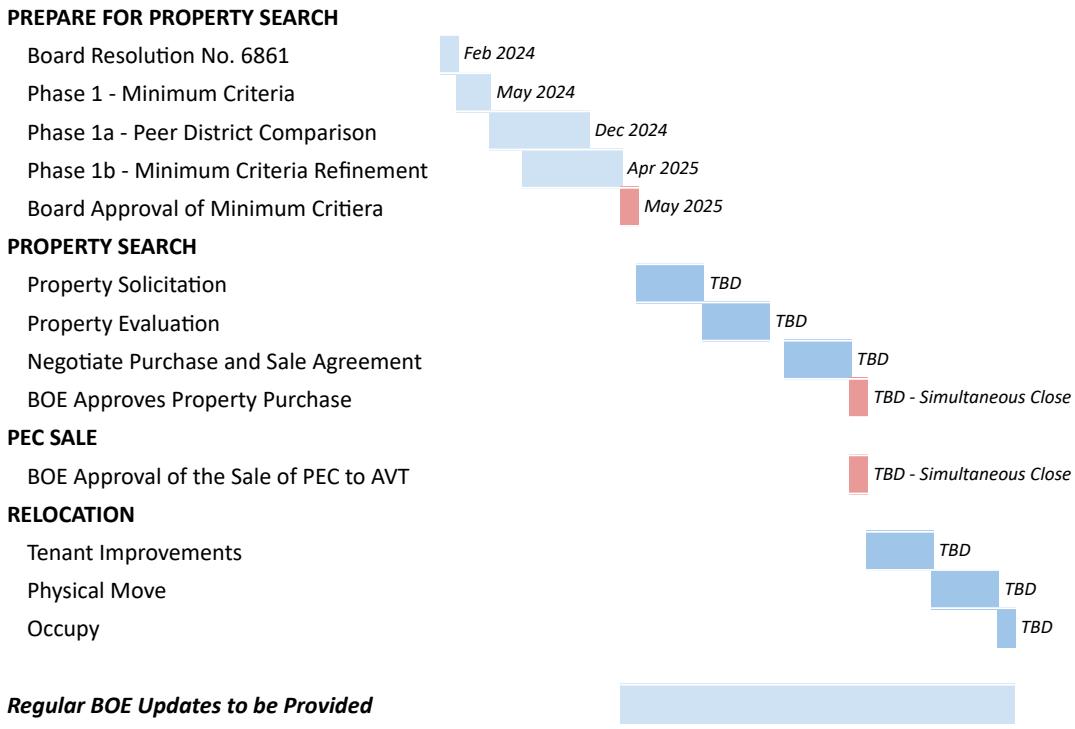

Offsite Operations

- The Transportation and Grounds Maintenance departments, which are currently located offsite of the Prophet Center were excluded from the square footage recommendation and are expected to stay in their current locations. Their anticipated needs are approximately 37,078 SF (gross) of building and an additional 150 bus parking stalls and 105 employee parking stalls.

Exhibit B

Work Plan: PEC Relocation

April 22, 2025

RESOLUTION No. 7104

Tabled

RESOLUTION No. 7105

Adoption of the Minutes

The Following Minutes are offered for Adoption:

- April 22, 2025

RESOLUTION No. 7106

Expenditure Contracts that Exceed $150,000 for Delegation of Authority

RECITAL

Portland Public Schools ("District") Public Contracting Rules PPS-45-0200 ("Authority to Approve District Contracts; Delegation of Authority to Superintendent") requires the Board of Education ("Board") enter into contracts and approve payment for products, materials, supplies, capital outlay, equipment, and services whenever the total amount exceeds $150,000 per contract, excepting settlement or real property agreements. Contracts meeting this criterion are listed below.

RESOLUTION

The Superintendent recommends that the Board approve these contracts. The Board accepts this recommendation and by this resolution authorizes the Deputy Clerk to enter into the following agreements.

NEW CONTRACTS

No New Contracts

NEW COOPERATIVE PURCHASING AGREEMENTS

No New Cooperative Purchasing Agreements

NEW INTERGOVERNMENTAL AGREEMENTS ("IGAs")

No IGAs

AMENDMENTS TO EXISTING CONTRACTS

Contractor	Amendment Term	Contract Type	Description of Services	Amendment Amount; New Contract Amount	Responsible Administrator, Funding Source	Certified Business
PowerSchool Group LLC	5/7/25 through 6/30/26	Digital Resource DR 93928 Amendment 2	License and subscription to student reporting platform. This amendment extends the agreement and adds funds for the 25/26 school year. Special Class Procurement – Software/Hardware Maintenance and/or Upgrades PPS-47-0288(11)	$85,149 $241,086	R. Adams Fund 101 Dept. 5439	No

RESOLUTION No. 7107

Revenue Contracts that Exceed $150,000 for Delegation of Authority

RECITAL

Portland Public Schools ("District") Public Contracting Rules PPS-45-0200 ("Authority to Approve District Contracts; Delegation of Authority to Superintendent") requires the Board of Education ("Board") enter into contracts, except as otherwise expressly authorized. Contracts exceeding $150,000 per contractor are listed below.

RESOLUTION

The Superintendent recommends that the Board approve these contracts. The Board accepts this recommendation and by this resolution authorizes the Deputy Clerk to enter into the following agreements.

NEW REVENUE CONTRACTS

Contractor	Contract Term	Contract Type	Description of Services	Contract Amount	Responsible Admin, Funding Source
The 21st Century Partnership for STEM Education	1/1/25 through 12/31/29	Revenue R 96470	Grant funding to hire a Program Manager and fund extended hours for four PPS teachers to develop materials for grades 6-8 math standards-based grading.	$218,817	K. Howard

NEW INTERGOVERNMENTAL AGREEMENTS ("IGAs")

No New Intergovernmental Agreements

AMENDMENTS TO EXISTING CONTRACTS

No New Amendments to Existing Revenue Contracts

RESOLUTION No. 7108

Authorization for Off-Campus Activities

RECITAL

Portland Public Schools ("District") Policy 6.50.010-P ("Off-Campus Activities") requires the Board of Education ("Board") consent to student out-of-state travel.

RESOLUTION

The Board has reviewed the request for out-of-state travel. All required documents have been submitted to the Risk Management Department. The Superintendent recommends that the Board consent to the student out-of-state travel for the below request:

AUTHORIZATION FOR OFF-CAMPUS ACTIVITIES

Date(s)	School, Course, & Number of Students	Purpose of Travel	Travel Destination	Estimated Cost	Equitable Field Trip Fund; %
5/9-5/17/25	McDaniel HS, Science, 1	Student qualified for International Science Fair	Columbus, OH	$2600	N/A
5/12-5/16/25	Sunnyside, SES, 59	Environmental science curriculum & community engagement	Catalina, CA	$1250	N/A
5/12-5/16/25	Sunnyside, SES 68	Immersive outdoor education & marine science	Port Angeles, WA	$750	N/A
5/27-5/29/25	Ockley Green Dancers, 19	Learn hip hop from the group that has a standing show in Las Vegas	Las Vegas, NV	$619.08	N/A

Resolution No. 7109

Urgent Need for Seismic Retrofitting of High-Risk School Buildings

The Portland Public School Board finds the following:

A. Most Portland Public Schools (PPS) facilities were constructed decades ago (with the majority built over 75 years ago) and are in need of critical repairs, improvements and upgrades to essential building systems, including roofs, plumbing, electrical, and HVAC heating and cooling systems. Most Portland schools were built well before modern health and safety standards, and continued improvements, replacements, and upgrades are needed to remove and remediate hazardous substances, systems and infrastructure.

B. In addition, most PPS schools were built before modern seismic building codes, leaving many school buildings structurally vulnerable to serious damage or collapse in a major earthquake.

C. The May 2025 Bond includes an $190 million allocation Physical Facility Improvements intended to address deferred maintenance, ongoing capital renewal and priority scope improvements.

D. In addition, Board Resolution 7051 directed the Superintendent to have the Office of School Modernization along with the three Design Advisory Groups at Jefferson High School, Cleveland High School and Ida B. Wells High School analyze and recommend cost reductions in the design and construction recommendations to reduce the cost of the high school modernizations and to use the cost savings for critical improvements, repairs and updates in the school district's elementary and middle.

E. In response to that resolution, district staff and the Design Advisory Groups have undertaken work to reduce the cost of the schools and in an April 7th Staff Memo to the Board said: The current combined estimated total project cost ranges from$1.348 billion to $1.380 billion. Of this, $406 million is funded through the 2020 General Obligation (GO) Bond. As a result, the remaining funding required for the projects is between $942 million and $974 million. The proposed 2025 GO Bond allocates $1.150 billion for modernization projects, **leaving a balance between$176 and $208 million for additional modernization initiatives."**

F. The Portland area faces a significant seismic threat from the Cascadia Subduction Zone – a major offshore fault capable of producing catastrophic earthquakes – and the Oregon Department of Emergency Management has estimated there is roughly a *37% chance* of a Cascadia megaquake occurring in the Pacific Northwest within the next 50 years.

G. Numerous PPS school buildings are of unreinforced masonry (URM) construction – the type of structure most prone to failure during strong shaking – and a recent District seismic assessment identified certain schools as high-risk URM sites that pose a significant risk to students and staff who occupy them.

H. Structural engineering experts have warned that these URM school buildings are "definitely not safe for large earthquakes" and could even suffer catastrophic collapse in a moderate earthquake (not only during a "big one"), threatening the lives and safety of children and educators.

I. Many parents, staff, and community members have voiced deep concern about the seismic safety of our schools, underscoring that the community expects urgent action to seismically upgrade many District school buildings and to protect our children.

J. Over the past decade Portland voters have repeatedly supported school safety and modernization through bond measures in **2012, 2017, and 2020**, which authorized $482 million, $790 million, and $1.2 billion respectively for capital improvements; these bonds – along with additional support from the state's Seismic Rehabilitation Grant Program – have funded the rebuilding or full seismic retrofit of several schools (including Franklin, Grant, and Roosevelt High Schools, and Alameda, Lewis, and Kellogg schools), significantly improving their earthquake resilience.

K. Bond-funded improvement projects in recent years have also included incremental seismic upgrades at schools districtwide (for example, repairing or replacing aging roofs and anchoring them with seismic bracing); however, such partial measures are not equivalent to full seismic reinforcement, so many PPS school buildings still require comprehensive seismic retrofitting.

L. Despite the progress made to date, dozens of PPS school facilities remain seismically deficient or rated “poor” in expected earthquake performance.

M. In May 2025 the Board is presenting District voters with a proposed $1.8 billion school bond measure – the largest in PPS history – to continue rebuilding and updating aging schools, which includes the planned modernization of Cleveland and Ida B Wells High Schools as well as the completion of Jefferson High School; and It provides capacity for additional health, safety, and maintenance projects: This bond, if approved, would offer an important opportunity to fund seismic upgrades at high-risk schools as part of the broader capital program.

N. PPS has already conducted a **comprehensive seismic re-assessment** in 2024 of all school buildings, and will have additional evaluations and cost estimates to bring structures up to current seismic code where needed. This data-driven assessment allows the District to identify and prioritize the most at-risk school facilities for retrofitting in an informed and transparent manner.

O. Clear criteria and planning for seismic retrofits are essential to ensure that limited resources address the highest-risk buildings first.

P. The Board is committed to open and transparent decision-making in addressing facility safety needs, and has emphasized publicly that tough trade-offs may be required (for example, potentially deferring other facility upgrades like HVAC improvements or sustainability goals in order to prioritize critical seismic work). Such decisions will continue to be discussed in public forums so the community can understand and contribute to the process.

Q. The Board further acknowledges that seismic safety is an equity issue: **every** student, regardless of zip code or background, deserves to attend a seismically safe school. Schools serving historically underserved communities must not be left at greater risk, and equity considerations will inform the prioritization and implementation of all seismic improvements so that all PPS students and staff enjoy equal protection from earthquake hazards.

NOW, THEREFORE, BE IT RESOLVED that the Board of Education of Portland Public Schools hereby:

1. **Declares** that the identification, mitigation, and seismic retrofitting of high-risk school buildings is an urgent district priority and a fundamental part of the district’s duty to provide a safe learning environment. The Board affirms its commitment to take necessary steps to protect the lives and well-being of students and staff by substantially improving the seismic safety of all school facilities.

2. **Directs** the Superintendent (or designee) to develop and present a comprehensive districtwide **Seismic Risk Reduction Plan**. This plan shall utilize the latest seismic assessment data to identify all school facilities in need of seismic strengthening and shall prioritize retrofit projects based on objective risk factors (such as building structural ratings, construction type, and student occupancy levels), as well as equity considerations (e.g. the needs of vulnerable populations). The plan will outline a multi-year schedule or sequence for retrofitting the identified high-risk buildings and include cost estimates and

potential funding strategies for each phase. The Superintendent shall deliver this plan to the Board in a timely manner, and no later than September 1, 2025.

3. **Commits** to prioritizing seismic upgrades in the District’s capital improvement strategy, including the current 2025 bond program. **If the 2025 bond measure is approved by voters**, $190 million in the bond is allocated for Physical Facility Improvements intended to address deferred maintenance, ongoing capital renewal and priority scope improvements; There has also been $176 - $208 million in funds identified as potentially been available due

to cost saving from the high school modernizations, for a potential total of approximately $366-398 million. From the available funds, the Board directs that the District will allocate the necessary funds to initiate and complete seismic retrofits or rebuilds at the highest-priority sites identified in the Seismic Risk Reduction Plan in accordance with this allocation methodology:

a. PPS will first establish a reserve fund necessary for emergency, system end-of-useful life replacement and unplanned projects to respond to imminent or risks to students or PPS personnel, assumed to be in the range of $100 million over the life of the bond.

b. Beyond the funds needed for that reserve, there shall be a default presumption that the first and highest use of funds available to address critical repairs and improvements at middle and elementary schools is to mitigate the seismic deficiencies at the 8-10 schools assessed to pose the greatest risk of injury or death in a significant seismic event. PPS management may seek approval of the PPS School Board to deviate from the default presumption upon a written showing of impracticality, demonstrable need, or reasonable evidence that alternate expenditures of funds are necessary for the health and safety of PPS students and staff. If the District determines that any of the 8-10 schools assessed to pose the greatest risk should be replaced entirely, any plan to build new schools or consolidate existing schools will be determined by the District's closure and consolidation policy and process.

c. All remaining funds available for use to address critical repairs and improvements at middle and elementary schools shall be expended based on the District's critical repair prioritization.

4. Furthermore, the Board calls on future Boards to continue to prioritize seismic upgrades in **future capital bond measures** developed by PPS and shall continue to prioritize funding provisions to continue the work of seismic retrofitting until every high-risk school building in the district has been upgraded or replaced to meet modern seismic safety standards.

5. **Directs** the District to continue its aggressive pursuit of **state and federal funding** opportunities to support school seismic upgrades, in order to supplement local bond funds and accelerate the retrofitting program.

6. The Board also urges the District's administration to advocate for increased state and federal investment in school seismic safety, including any legislative efforts that would provide funding or mandates to improve the resiliency of public school buildings.

7. The Board directs the Superintendent (or designee) to ensure that the planning and implementation of seismic retrofit projects will be carried out with full **transparency** and an **equity-focused approach**, in partnership with the community. The District shall publicly share the findings of the seismic risk assessments and keep families, staff, and the broader community informed about upcoming seismic projects and their timelines.

8. The process for determining the sequence of school retrofits will be clearly communicated and based on the established criteria (risk level, urgency, equity impact, etc.), with opportunities for community input so that stakeholders' voices are heard. The Board directs the Superintendent to provide regular progress reports, preferably quarterly, on the status of seismic improvements – including work completed, work in progress, funding used, and any adjustments to the schedule – at Board meetings open to the public. In doing so, the Board will support ongoing accountability, build public trust, and uphold our

community-centered responsibility to make every Portland public school a safe place to learn and work.

BE IT FURTHER RESOLVED that this resolution shall become effective immediately upon its adoption, and the Board of Education shall monitor and support its implementation to reaffirm that the safety of our students and staff remains the highest priority in Portland Public Schools.

Resolution No. 7110

Resolution to Affirm the Board of Education's Commitment to Track and Report Findings, Public Engagement and Recommendation of Seismic Upgrades through the School Facilities Improvement and Operations Committee

RECITALS

1. The Board seeks oversight of seismic improvements by creating a structure for consistent updates on seismic upgrades, creating more accessible transparency, and identifying a venue for continuing staff and community input.

2. Portland Public Schools (PPS) owns over 100 school buildings, including those built with unreinforced masonry, with an average age of approximately 76 years.

3. The State of Oregon should have the ultimate responsibility for ensuring seismically-safe public school buildings. However, due to its historic insufficient investment in this critical infrastructure, PPS, with the support of Portland voters, must take action to raise and appropriate the funds necessary to continue the process of improving the safety of our buildings.

4. With each school bond measure beginning in 2012, and continuing through the 2020 bond measure, PPS has used its scarce capital resources to effect a variety of seismic upgrades and retrofits across the real estate portfolio at elementary, middle, and high schools.

5. PPS has recently completed studies on school conditions, as well as ongoing seismic inventorying and cost analyses of current schools, all of which are necessary prior to making well-informed and equity-centered decisions about seismic upgrades and the appropriation of bond funds.

RESOLUTION

1. The Board of Education affirms its commitment, through the School Facilities Improvement and Operations Committee (SFIOC), for the ongoing tracking and reporting of findings, public engagement, and recommendations to the full Board.

2. Upon approval of Resolution 7109, the Board of Education approves the SFIOC as the venue for meeting the requirements as defined in Resolution 7109.

3. SFIOC shall commit a minimum of 6 meetings per year focused on or inclusive of seismic upgrades to occur on a regular bimonthly schedule starting in June 2025. The committee chair has discretion to add or adjust the dates of the meetings based on need. These meetings allow the opportunity:

    a. To provide the public with regular updates on the progress of seismic upgrades;

    b. To provide a venue for district staff to present updates and recommendations for future work, for community members to provide feedback, and for school-based staff to have the opportunity to help inform priorities and recommendations;

    c. To provide consistent overview of seismic upgrades and other potential facilities upgrades such as HVAC, roofs, plumbing, and deferred maintenance, so that the board and public can understand the scope as well as potential trade-offs;

    d. To ensure that limited bond funds are maximized and the distribution of work done equitably, taking into account factors including but not limited to the condition of buildings, costs to remediate, enrollment, building utilization, and neighborhood demographics;

    e. To provide a venue for the discussion, analysis, and feedback of potential school enrollment or consolidations changes related to seismic plans;

    f. To provide a process for creating recommendations for the Board of Education.
