Annual Performance Framework and Report

KairosPDX Learning Academy Charter School
2023-24 School Year

Introduction

Charter schools in Oregon are defined in statute as "...a legitimate avenue for parents, educators and community members to take responsible risks to create new, innovative and more flexible ways of educating children within the public school system. The Legislative Assembly seeks to create an atmosphere in Oregon's public school system where research and development of new learning opportunities are actively pursued." (ORS 338.015)

The charter schools sponsored by Portland Public Schools provide educational options for students and families as well as diversity of professional opportunities for school employees. While the district provides oversight and support to its sponsored charters, each charter school is an independent, nonprofit organization that has autonomy over its mission, strategic planning, budget, hiring, policies, and the development and implementation of its educational program.

Portland Public Schools is responsible for maintaining high standards for its sponsored charter schools, and for ensuring that charter schools are compliant with all applicable laws, that their academic programs are successful, they are financially viable, and their organizations are effective and responsibly managed. The district balances oversight with an understanding of the independence and autonomy afforded public charter schools by law.

In so doing, PPS has established the following performance framework, which is informed by best practice from the Core Performance Framework and Guidance developed by the National Association of Charter School Authorizers (NACSA). This performance framework is designed to measure each charter school's academic, financial, and organizational performance, and to "...guide practice, assess progress, and inform decision-making over the course of the charter term and at renewal."[1]

Because each charter school's story and perspective on its own performance is critical to a balanced evaluation process, each measure includes space for narrative explanation and/or further description from both the district and the charter school. It is our hope and goal that PPS and the charter school will fully engage in the process of program evaluation each year and at the renewal period, and that this process contributes to the continuous improvement of each charter school and the PPS Charter Schools Office.

Academic performance: data elements and sources

[1] From NACSA's Core Performance Framework and Guidance.

The purpose of the Academic Performance section of the Annual Performance Framework and Report is to evaluate whether or not the charter school's educational program is showing success with its students.

Many of the indicators for this section are adopted from the National Association of Charter School Authorizers' "Core Performance Framework and Guidance", while the performance targets and ratings are aligned with the targets and ratings in the Oregon Report Card.

Note: The Oregon Department of Education (ODE) will not assign summative, overall ratings to schools on the redesigned Oregon Report Card beginning in the 2017-18 school year. Instead schools are rated on up to 6 (for k-8) or 9 (for HS) separate indicators.

The following data elements and sources are used to complete the Academic Performance analysis:

- The charter school's Oregon Report Card
- The charter school's State Assessment results
- The charter school's contract
- The district's Oregon Report Card
- The district's State Assessment results
- Performance and growth information for comparison schools, as defined by the Oregon Department of Education
- The Administrator's Dashboard

Additionally for high schools only:

- The school's graduation rate
- The district's graduation rate
- The school's completion rate
- The district's completion rate
- The school's freshmen on track rate
- The district's freshmen on track rate
- The graduation, completion, and dropout rates of comparison schools, if applicable, as defined by ODE

Additionally for grades 6-12 only:

- The charter school's alignment to Common Core State Standards as evidenced by course syllabi, course descriptions, curriculum alignments, etc.

The 3-year Trend Performance Summary chart at the end of this document will include the most recent 3 years of available academic performance data (2021-22, 2022-23, and 2023-24). The Financial and Organizational sections will include summary data from the three most recent school years.

District comments/recommendations: **N/A, the current version of the Oregon Report Card no longer gives single ratings to schools**
School comments:

Measure 1b Is the school meeting state designation expectations as set forth by the state and federal accountability system?
Exceeds standard: ☐School was identified as meeting long term academic accountability indicators as defined by Oregon's ESEA Plan
Meets standard: ☒School was identified as meeting interim targets of academic accountability indicators as defined by Oregon's ESEA Plan
Does not meet standard: ☐School was identified as falling below the interim target but not in the lowest 10% of schools as defined by Oregon's ESEA Plan

**Metric is based on 2-year combined average

District Comments/Recommendations: The school meets District performance in Economically Disadvantaged. The school does not meet District total population performance in Students with Disabilities or Historically Underserved populations. What percentage of students at the charter school are identified as Regular Attenders (attending more than 90% of their enrolled days)?

E=Exceeds standard:

☐School's percentage of Regular Attenders meets or exceeds the long term goal of 93% as set by the Oregon Department of Education

M=Meets standard:

All Students K-5			k-5			
%	73.1	242	70.4	+2.7	85	***D***

*MIP (Measures of Interim Progress) are statewide targets for school accountability indicators determined by the Oregon ESSA Plan

District comments/recommendations:

The school and District's percentage of regular attenders falls below the Level 3 benchmark of 85%, Due to the impacts of pandemic-related absences, the percentage of regular attenders was low statewide. This is a continued statewide focus in the 2023-24 school year. Kairos outperforms the District by 2.7% for percentage of Regular Attenders.

School comments:
KairosPDX continues to focus on attendance, and with support of our Office Coordinator and Family Coordinator, is building relationships with families and assisting with basic needs to improve attendance for all leaders. We will use individual data to determine the scope of non-regular attenders to determine where intervention is appropriate.within the band of 80-90% so that we can target our intervention in ways that are appropriate to the problem.

(Measures 6 and 7 omitted, apply to middle and high schools only)

8. School goals and recommendations (academic)

Did the school meet the academic goals it set forth in its 2023-24 Performance Plan?

Goal set in Plan	Goal achieved? (School response)	How or why not? (School response) Include any professional development implemented to support this goal.
We will see that at least 50% of students who attend school at least 80% of the time will make at least typical growth between the Beginning of Year (BOY) and End of Year (EOY) on both ELA and math NWEA assessments.		

Measure 8b
In school year 2023-24, did the school implement the academic recommendations from the district in the 2022-23 annual performance report (if any)?

	ACADEMIC COMMENTS: 1c,d,e - The school did not meet the District average or State benchmark in ELA or MATH when comparing "all students," however it is noted that 84% of KairosPDX's population are Students of Historically Underserved Races/Ethnicities, 65% are Black/African American or Latinx students. While the school's total average assessment data falls below the District's average achievement levels, the school compares positively to the District's results for Black/African American students, who represent the majority of students tested at KairosPDX and who are the focus of the charter's mission (see additional tables for measure 1c, 1d, and mixed results for special populations data on measures 1e and 1f). 5 - The "regular attenders" measure is below the State Level 3 indicator for the District and statewide. While this is a statewide focus, there are no school-specific recommendations.
