Introduction

Charter schools in Oregon are defined in statute as "...a legitimate avenue for parents, educators and community members to take responsible risks to create new, innovative and more flexible ways of educating children within the public school system. The Legislative Assembly seeks to create an atmosphere in Oregon's public school system where research and development of new learning opportunities are actively pursued." (ORS 338.015)

The charter schools sponsored by Portland Public Schools provide educational options for students and families as well as diversity of professional opportunities for school employees. While the district provides oversight and support to its sponsored charters, each charter school is an independent, nonprofit organization that has autonomy over its mission, strategic planning, budget, hiring, policies, and the development and implementation of its educational program.

Portland Public Schools is responsible for maintaining high standards for its sponsored charter schools, and for ensuring that charter schools are compliant with all applicable laws, that their academic programs are successful, they are financially viable, and their organizations are effective and responsibly managed. The district balances oversight with an understanding of the independence and autonomy afforded public charter schools by law.

In so doing, PPS has established the following performance framework, which is informed by best practice from the Core Performance Framework and Guidance developed by the National Association of Charter School Authorizers (NACSA). This performance framework is designed to measure each charter school's academic, financial, and organizational performance, and to "...guide practice, assess progress, and inform decision-making over the course of the charter term and at renewal."[1]

Because each charter school's story and perspective on its own performance is critical to a balanced evaluation process, each measure includes space for narrative explanation and/or further description from both the district and the charter school. It is our hope and goal that PPS and the charter school will fully engage in the process of program evaluation each year and at the renewal period, and that this process contributes to the continuous improvement of each charter school and the PPS Charter Schools Office.

Academic performance: data elements and sources

[1] From NACSA's Core Performance Framework and Guidance.

The purpose of the Academic Performance section of the Annual Performance Framework and Report is to evaluate whether or not the charter school's educational program is showing success with its students.

Many of the indicators for this section are adopted from the National Association of Charter School Authorizers' "Core Performance Framework and Guidance", while the performance targets and ratings are aligned with the targets and ratings in the Oregon Report Card.

Note: Since the 2017-18 school year, the Oregon Department of Education (ODE) has not assigned summative, overall ratings to schools on the Oregon Report Card. Instead schools are rated on up to 6 (for k-8) or 9 (for HS) separate indicators.

The following data elements and sources are used to complete the Academic Performance analysis:

- The charter school's Oregon Report Card
- The charter school's State Assessment results
- The charter school's contract
- The district's Oregon Report Card
- The district's State Assessment results
- Performance and growth information for comparison schools, as defined by the Oregon Department of Education
- The Administrator's Dashboard

Additionally for high schools only:

- The school's graduation rate
- The district's graduation rate
- The school's completion rate
- The district's completion rate
- The school's freshmen on track rate
- The district's freshmen on track rate
- The graduation, completion, and dropout rates of comparison schools, if applicable, as defined by ODE

Additionally for grades 6-12 only:

- The charter school's alignment to Common Core State Standards as evidenced by course syllabi, course descriptions, curriculum alignments, etc.

The 3-year Trend Performance Summary chart at the end of this document will report the ratings from the most recent 3 years of available academic performance data (2021-22, 2022-23, and 2023-24). The Financial and Organizational sections will include summary data from the three most recent school years.

District comments/recommendations:

Le Monde students in grades 3-8 did not meet the academic Average Gap Score Change of -19 or higher. At -20, they missed meeting this target by 1. This is not a concern for the district.

School comments: As a high achieving school in Math, it can be more difficult to match growth targets as compared to schools that are not as high.

3. Subgroup Growth

Measure 3a
Is the school increasing academic performance over time in English Language Arts for **Students of Special Populations**? (For 2023-24 this is measured by Average Gap Score Change)

School's percentage of Regular Attenders does not meet the Level 3 indicator by grade level but is not below the 10th percentile of performance for the grade level group

F=Falls far below standard:
School's percentage of Regular Attenders is below the 10th percentile of performance for the grade level group

Data:

Regular Attenders	School	N	District	% +/-	MIP*	Rating
All Students K-5						
%	73.0	267	70.4	+2.6	85	***D***
All Students 6-8						
%	**		64.5		83	

*MIP (Measures of Interim Progress) are statewide targets for school accountability indicators determined by the Oregon ESSA Plan
**Data not available, Oregon Report Card for this school only includes attendance data for grades k-5

District comments/recommendations:

The school's percentage of Regular Attenders did not meet the Level 3 indicator of 85% for grades k-5, but exceeded the District average by 2.6%. Due to the impacts of pandemic-related absences, the percentage of regular attenders was low statewide. This is a continued statewide focus.

6. Alignment of Core Classes to Standards (Middle Schools and High Schools only)

Measure 6 Is the school aligning all classes in core subjects to Common Core State Standards?
Meets standard: ✔ School is offering all required core subjects and has aligned all classes in core subjects to Common Core State Standards and has articulated this through detailed syllabi, course descriptions, curriculum alignments, or other methods.

Falls far below standard: € School is not offering all required core subjects and/or has not aligned all classes in core subjects to Common Core State Standards, and has not provided evidence through detailed syllabi, course descriptions, curriculum alignments, or other methods.
District comments/recommendations: The school has aligned all classes in MS core subjects to Common Core State Standards and submitted syllabi and course descriptions as evidence.
School comments:

(Measure 7 omitted, applies to high schools only)

8. School goals and recommendations (academic)

Measure 8a
Did the school meet the academic goals it set forth in its 2023-24 Performance Plan?

Goal set in Plan	Goal achieved? (School response)	How or why not? (School response) Include any professional development implemented to support this goal.
Increase student attendance in all subcategories to Level 4 on 23/24 annual ESSA Accountability Details Report.	No. While school attendance improved, we still do not have a level 4 across all subcategories.	Improvements to attendance at a charter will be gradual. Draconian efforts to ensure attendance could be unintentionally exclusionary or create negative relationships with families, so like many aspects of education we expect (and are seeing) incremental improvements over time (while setting goals that are theoretically attainable).

Measure 8b
In school year 2023-24, did the school implement the academic recommendations from the district in the 2022-23 annual performance report (if any)?

Recommendation from the district	Recommendation implemented? (School response)	How or why not? (School response) Include any professional development implemented to support this goal.
No academic recommendations were made	N/A	N/A

by the district in the 2022-23 Performance Report.		

Measure 8c
Based on the 2023-24 school year data presented in this report, will the school add any academic goals to its 2024-25 Performance Plan? (Copy and paste as needed for additional goals.)
