Portland Public Schools
Annual Performance Framework and Report

Portland Village Charter School
2023-24 School Year

Program Director, Charter Schools

Introduction

Charter schools in Oregon are defined in statute as "...a legitimate avenue for parents, educators and community members to take responsible risks to create new, innovative and more flexible ways of educating children within the public school system. The Legislative Assembly seeks to create an atmosphere in Oregon's public school system where research and development of new learning opportunities are actively pursued." (ORS 338.015)

The charter schools sponsored by Portland Public Schools provide educational options for students and families as well as diversity of professional opportunities for school employees. While the district provides oversight and support to its sponsored charters, each charter school is an independent, nonprofit organization that has autonomy over its mission, strategic planning, budget, hiring, policies, and the development and implementation of its educational program.

Portland Public Schools is responsible for maintaining high standards for its sponsored charter schools, and for ensuring that charter schools are compliant with all applicable laws, that their academic programs are successful, they are financially viable, and their organizations are effective and responsibly managed. The district balances oversight with an understanding of the independence and autonomy afforded public charter schools by law.

In so doing, PPS has established the following performance framework, which is informed by best practice from the Core Performance Framework and Guidance developed by the National Association of Charter School Authorizers (NACSA). This performance framework is designed to measure each charter school's academic, financial, and organizational performance, and to "...guide practice, assess progress, and inform decision-making over the course of the charter term and at renewal."[1]

Because each charter school's story and perspective on its own performance is critical to a balanced evaluation process, each measure includes space for narrative explanation and/or further description from both the district and the charter school. It is our hope and goal that PPS and the charter school will fully engage in the process of program evaluation each year and at the renewal period, and that this process contributes to the continuous improvement of each charter school and the PPS Charter Schools Office.

Academic performance: data elements and sources

The purpose of the Academic Performance section of the Annual Performance Framework and Report is to evaluate whether or not the charter school's educational program is showing success with its students.

Many of the indicators for this section are adopted from the National Association of Charter School Authorizers' "Core Performance Framework and Guidance", while the performance targets and ratings are aligned with the targets and ratings in the Oregon Report Card.

Note: The Oregon Department of Education (ODE) has not assigned summative, overall ratings to schools on the redesigned Oregon Report Card since the 2016-17 school year. Instead schools are rated on up to 6 (for k-8) or 9 (for HS) separate indicators.

The following data elements and sources are used to complete the Academic Performance analysis:

- The charter school's Oregon Report Card
- The charter school's State Assessment results
- The charter school's contract
- The district's Oregon Report Card
- The district's State Assessment results
- Performance and growth information for comparison schools, as defined by the Oregon Department of Education
- The Administrator's Dashboard

Additionally for high schools only:

- The school's graduation rate
- The district's graduation rate
- The school's completion rate
- The district's completion rate
- The school's freshmen on track rate
- The district's freshmen on track rate
- The graduation, completion, and dropout rates of comparison schools, if applicable, as defined by ODE

Additionally for grades 6-12 only:

- The charter school's alignment to Common Core State Standards as evidenced by course syllabi, course descriptions, curriculum alignments, etc.

The 3-year Trend Performance Summary chart at the end of this document will report the ratings from the most recent 3 years of available academic performance data (2021-22, 2022-23, and 2023-24). The Financial and Organizational sections will include summary data from the three most recent school years.

Academic Performance

1. Oregon School Rating System

Measure 1a Is the school meeting acceptable standards according to the Oregon State school rating system?
Exceeds standard: School received the highest rating from the state accountability system
Meets standard: School received a passing rating according to the state accountability system
Does not meet standard: School did not receive passing rating according to the state accountability system
Falls far below standard: School identified for intervention or considered failing by the state accountability system
District comments/recommendations: **N/A, the current version of the Oregon Report Card no longer gives single ratings to schools**
School comments:

Measure 1b Is the school meeting state designation expectations as set forth by the state and federal accountability system?
Exceeds standard: School was identified as meeting long term academic accountability indicators as defined by Oregon's ESSA Plan
Meets standard: ✔ School was identified as meeting interim targets of academic accountability indicators as defined by Oregon's ESSA Plan
Does not meet standard: School was identified falling below the interim targets but not in the lowest 10% of schools as defined by Oregon's ESSA Plan
Falls far below standard: School was identified as in the lowest 10% of schools as defined by Oregon's ESSA Plan
District comments/recommendations: The school has not been identified for Targeted (TSI) or Comprehensive (CSI) Supports.
School comments: PVS is committed to meeting the academic targets set by the state and district. If adjustments are required due to underperformance, we use data driven decision making to make changes to practice, setting SMART goals as needed, monitoring progress in making those changes and intensifying and or readjusting as needed.

Measure 1c
How are **All Students Total (K-5, 6-8)** and **by Grade Level** achieving on state assessments in English Language Arts (ELA) compared to students in the district?

E=Exceeds standard: School's average achievement rate exceeds the average district performance of students in the same grades by at least 10%

M=Meets standard: School's average achievement rate meets or exceeds the average district performance of students in the same grades by up to 10% (or within variance of one student)

D=Does not meet standard: School's average achievement rate is less than the average district performance of students in the same grades by 1-10%

F=Falls far below standard: School's average achievement rate is less than the average district performance of students in the same grades by more than 10%

District comments/recommendations:

The school meets or exceeds average District performance in both grades 5, 6, 7, and 8. This is great progress for PVS over previous years test scores. They have shifted from Does not Meet to Meets in all grades in Middle School and they are now meeting this performance measure for All Students 6-8. Of note, in grade 4, an average of 27.2% of students meet grade level standard compared with District average of 54%.

Progress toward improvement is evident. No plan of improvement needed.

School comments: Portland Village School is committed to student achievement and success. We believe all children can learn and know that our supportive, arts integrated, and relationship based program is effective for students needing alternative learning models. Coming out of the pandemic, PVS has focused on Tier I ELA instructional practices, writing instruction, increasing academic rigor, Benchmark assessments using EasyCBM for the 23-24 SY. In the 24-25 SY we have switched our benchmark assessment to MAP, as we believe MAP will give us a better sense of student performance on OSAS assessments. We increased tier II practices, training staff in ELA interventions REWARDS

and Phonics for reading, and EasyCBM progress monitoring for students. We have added a highly trained staff member to provide coaching for staff in SOR practices and have trained staff in UFLI. This year we have added a partnership with Reading Results to increase student access to high does intensive reading intervention. We believe these adjustments to practice and ongoing professional learning for staff will increase student outcomes in our lower grades as we have seen growth for our older students.

Measure 1d
How are **All Students Total (K-5, 6-8)** and **by Grade Level** achieving on state assessments in MATHEMATICS compared to students in the district?

E=Exceeds standard: School's average achievement rate exceeds the average district performance of students in the same grades by at least 10%

M=Meets standard: School's average achievement rate meets or exceeds the average district performance of students in the same grades by up to 10% (or within variance of one student)

D=Does not meet standard: School's average achievement rate is less than the average district performance of students in the same grades by 1-10%

F=Falls far below standard: School's average achievement rate is less than the average district performance of students in the same grades by more than 10%

*MIP (Measures of Interim Progress) are statewide targets for school accountability indicators determined by the Oregon ESSA Plan

District Comments/Recommendations:

The school did not meet the average District performance in grades 4,5, and 7. Grades 3, 6, and 8 performed above the District. MS grades 6-8 shifted from Does not Meet to Meets in 2023-24 with the

overall Middle School average outpacing the District by 3.7%.

Progress toward improvement is evident. No plan of improvement needed.

School comments: Portland Village School is committed to every student's success and achievement. We have increased our math instruction by an additional 25% over prior years and have provided additional professional learning for teachers in effective math instructional practices. We have hired a math specialist who provides math interventions 3x a week. We have implemented benchmark assessments in Math using EasyCBM, for the 23-24 SY. In the 24-25 SY we have switched to MAP assessments for Benchmarking, as we believe this will give us better correlational data on student performance on the state assessments. We are continuing to use EasyCBM for progress monitoring in math. We have piloted to great success, as measured by MAP assessment data, leveled groupings for math instruction in the 24--25 8th grade class (the 7th grade class in 23-24). With this model, students flexibly float into two classrooms based on pre-assessment data. These classes cover the same content but with different levels of support. In our emergent classroom, the teacher takes more time explaining content, and students feel comfortable asking questions that they might not otherwise. Students complete the same work, but fewer questions and with more initial scaffolding. The students in the advanced group complete the task with all the questions. We have seen a significant majority of students make close the gap growth as measured by MAP from fall to winter assessments. We are exploring as a staff and administrative team how to take this model and leverage it across our middle school and with our younger students.

Measure 1e
How are **Students of Special Populations** achieving on state assessments in English Language Arts (ELA) compared to the **Students of Special Populations** in the district?

E=Exceeds standard: School's average subgroup achievement rate exceeds the average district performance of students in the same subgroup in the same grades by at least 10%

M=Meets standard: School's average subgroup achievement rate meets or exceeds the average district performance of students in the same subgroup in the same grades by up to 10% (or within variance of one student)

D=Does not meet standard: School's average subgroup achievement rate is less than the average district performance of students in the same subgroup in the same grades by 1-10%

**Metric is based on 3-year combined average
--Does not meet minimum numbers to report

District Comments/Recommendations:

The school's performance with Students of Special Populations in ELA is commendable. The school's Special Populations including Economically Disadvantaged and Students of Historically Underserved Races/Ethnicities exceeded the District's average in both Elementary School grades and Middle School grades. The only area of concern is Students with Disabilities in Grades 3-5 falls far below the District average by 17.3%.

School comments:Portland Village School is committed to every students' success. As a staff we review data of historically underserved students to determine their growth and implement adjustments to instruction and intervention if needed. We work to create a welcoming school community where students feel that they belong. We are committed to providing a learning environment where students see themselves represented within our staff community, in the textbooks and curriculum materials and are committed to closing achievement gaps. We work to undo ableist thinking and have high expectations for all students' learning. We did struggle with understaffing in our Special Education team in the 23-24 school year, including many months without a speech/communication pathologist. This put pressure on our resource teachers to provide additional assistance to students who had SEL and communication needs that might have been served by the speech path, and who were having struggles. While academic minutes were met it was deeply impactful and the ripple effect of understaffing is still being felt within our community this year.

Measure 1f
How are **Students of Special Populations** achieving on state assessments in MATHEMATICS compared to the **Students of Special Populations** in the district?

E=Exceeds standard: School's average subgroup achievement rate exceeds the average district performance of students in the same subgroup in the same grades by at least 10%

District Comments/Recommendations:

The school's performance with Students of Special Populations in Math is commendable. The school's Special Populations including Economically Disadvantaged and Students of Historically Underserved Races/Ethnicities exceeded the District's average in both Elementary School grades and Middle School grades. Students with Disabilities in Grades 3-5 underperformed the District by 6.8%. Neither the school nor the District met State targets for any Special Population.

School comments: Portland Village School is committed to every students' success. As a staff we review data of historically underserved students to determine their growth and implement adjustments to instruction and intervention if needed. We work to create a welcoming school community where students feel that they belong. We are committed to providing a learning environment where students see themselves represented within our staff community, in the textbooks and curriculum materials and are committed to closing achievement gaps. 2. Student Academic Growth

Measure 2a

Are students making expected annual academic growth in English Language Arts (ELA) compared to their peers? (For 2023-24 this is measured by Average Gap Score Change, the difference between a student's score and the cut score for the assessment, called a gap score.)

E=Exceeds standard:

Average gap score change of 5 or more

M=Meets standard:

✔ Average gap score change of between -19 and 5

D=Does not meet standard:

Average gap score change of between -42 and -19

F=Falls far below standard:

Average gap score change of less than -42

Data:

ELA Growth	School	N	District	% +/-	MIP*	Rating
All Students 3-8					NA	
Avg gap score change						
PVS Grade 3-8	-5	264				***M***
PPS Grade 3-5			-1	-4		
PPS Grade 6-8			-11	+6		

*MIP (Measures of Interim Progress) are statewide targets for school accountability indicators determined by the Oregon ESSA Plan – No MIP applies to Average Gap Score Change

District comments/recommendations:

PVS students in grades 3-8 met the ELA academic ODE Level 4 target Average Gap Score Change of -7 or higher.

School comments: PVS is committed to making close the gap growth for all students.

Measure 2b

Are students making expected annual academic growth in MATH compared to their peers? (For 2023-24 this is measured by Average Gap Score Change, the difference between a student's score and the cut score for the assessment, called a gap score.)

E=Exceeds standard:

Average gap score change of 4 or more

M=Meets standard:

✔ Average gap score change of between -24 and 4

D=Does not meet standard:

Average gap score change of between -49 and -24

F=Falls far below standard:

Average gap score change of less than -49

Data:

MATH Growth	School	N	District	% +/-	MIP*	Rating
All Students 3-8					NA

District comments/recommendations:

PVS students in grades 3-8 met the Math academic ODE Level 4 target Average Gap Score Change of -11 or higher.

School comments: PVS is committed to making close the gap growth for all students.

3. Student Group Growth

Measure 3a
Is the school increasing academic performance over time in English Language Arts for **Students of Special Populations**? (For 2023-24 this is measured by Average Gap Score Change, the difference between a student's score and the cut score for the assessment, called a gap score.)

E=Exceeds standard: Average gap score change of 5 or more

M=Meets standard: Average gap score change of between -19 and 5

D=Does not meet standard: Average gap score change of between -42 and -19

F=Falls far below standard: Average gap score change of less than -42

*MIP (Measures of Interim Progress) are statewide targets for school accountability indicators determined by the Oregon ESSA Plan – No MIP applies to Average Gap Score Change
--Does not meet minimum numbers to report, or data hidden by Oregon Report Card to protect confidentiality

District comments/recommendations:

PVS' Economically Disadvantaged Students met the state Level 4 standard for growth in ELA of -7 or higher. Students with Disabilities and Historically Underserved Races/Ethnicities in grades 3-8 met the academic ODE Level 3 target Average Gap Score Change of -19 or higher. The school did not have the minimum n-size to receive a rating for English Learners student group for ELA in the 2023-24 school year.

School comments: PVS is committed to making close the gap growth for all students.

Measure 3b
Is the school increasing academic performance over time in MATH for **Students of Special Populations**? (For 2023-24 this is measured by Average Gap Score Change, the difference between a student's score and the cut score for the assessment, called a gap score.)

E=Exceeds standard: Average gap score change of 4 or more

*MIP (Measures of Interim Progress) are statewide targets for school accountability indicators determined by the Oregon ESSA Plan – No MIP applies to Average Gap Score Change
-- Does not meet minimum numbers to report, or data hidden by Oregon Report Card to protect confidentiality

District comments/recommendations:

PVS' Economically Disadvantaged and Students with Disabilities met the state Level 3 standard for growth in Math of -24 or higher. Students of Historically Underserved Races/Ethnicities in grades 3-8 exceeded the academic ODE Level 5 target Average Gap Score Change of 4 or higher. The school did not have the minimum n-size to receive a rating for English Learners student group for Math in the 2023-24 school year. As in Achievement measures, PVS shows mixed results in Growth with Students of Special Populations.

School comments: PVS is committed to making close the gap growth for all students, including those who qualify for specially designed instruction. We work to undo ablest thinking and have high expectations for the academic and social achievement for all students. Our special education program

did experience significant understaffing in the 23-24 SY.

4. Local Performance Assessments

Measure 4
Describe your school's Local Performance Assessments in the fields below.

What Local Performance Assessment are you using?	To what grades are you administering the Local Performance Assessment?	What subjects are you assessing through the Local Performance Assessment?	How are you documenting your administration of the Local Performance Assessment?
Fountas and Pinnell Benchmark Reading assessments 3x per year Fall, Winter and Spring	All grades 1-8	These F&P Benchmark test looks at reading achievement, including fluency, accuracy, vocabulary, comprehension.	F and P scores are entered into a google doc. which is shared among the staff.
Bridges math and teacher made formative and summative math assessments Midschool Math and teacher made formative and summative math assessments	Bridges 1-5 Midschool Math 6-8	These assessments measure math comprehension and computational fluency	These are shared and discussed in parallel teacher teams.
Scored Writing: Teacher created writing samples in Main Lesson Books	1-8	informational, narrative and opinion writing	These are shared and discussed in parallel teacher teams.
District comments/recommendations:			

5. Student Attendance

Measure 5
What percentage of students at the charter school are identified as Regular Attenders (attending more than 90% of their enrolled days)?

E=Exceeds standard:
School's percentage of Regular Attenders meets or exceeds the long term goal of 93% as set by the Oregon Department of Education

M=Meets standard:
School's percentage of Regular Attenders meets or exceeds the Level 3 indicator by grade level as set by the Oregon Department of Education (K-5, 85%; 6-8, 83%; 9-10, 78%)

D=Does not meet standard:
✔ School's percentage of Regular Attenders does not meet the Level 3 indicator by grade level but is not below the 10th percentile of performance for the grade level group

F=Falls far below standard:
School's percentage of Regular Attenders is below the 10th percentile of performance for the grade level group

Data:

Regular Attenders	School	N	District	% +/-	MIP*	Rating
All Students K-5						
%	66.0	263	70.4	+2.6	85	***D***
All Students 6-8						
%	**		64.5		83	

*MIP (Measures of Interim Progress) are statewide targets for school accountability indicators determined by the Oregon ESSA Plan
**Data not available, Oregon Report Card for this school only includes attendance data for grades k-5

District comments/recommendations:

The school's percentage of Regular Attenders did not meet the Level 3 indicator of 85% for grades k-5, but falls within the Level 2 indicator of between 52-85%. This continues to be a statewide focus and a focus for PVS. They have made significant progress toward improvement by increasing their attendance by 9% from 2022-23.

School comments: Attendance is something we are focusing on as a staff, and it is an area of continued growth for our community. As a school of choice, transportation is always a challenge for some PVS families. We have added a carpooling app as an additional tool to support student attendance. We are building family understanding of the importance of attendance through regular announcements in the family newsletter. We have started implementing some tiered attendance initiatives for students with the lowest attendance rates. The administrative, counseling and teacher teams have participated in professional learning on engaging families and students to increase attendance. The SST team has worked to implement our attendance protocols with greater fidelity. Staffing shortages are impacting the efficacy of this work as our student support team is often spread

thin. There is more to do, and we believe we have further developed our skill sets to support attendance in the 24-25 school year.

6. Alignment of Core Classes to Standards (Middle Schools and High Schools only)

Measure 6 Is the school aligning all classes in core subjects to Common Core State Standards?
Meets standard: ✔ School is offering all required core subjects and has aligned all classes in core subjects to Common Core State Standards and has articulated this through detailed syllabi, course descriptions, curriculum alignments, or other methods.
Does not meet standard: School is offering all required core subjects but has not fully aligned all classes in core subjects to Common Core State Standards, and/or has not provided evidence of this through detailed syllabi, course descriptions, curriculum alignments, or other methods.
Falls far below standard: School is not offering all required core subjects and/or has not aligned all classes in core subjects to Common Core State Standards, and has not provided evidence through detailed syllabi, course descriptions, curriculum alignments, or other methods.
District comments/recommendations: The school has aligned all classes in MS core subjects to Common Core State Standards and submitted syllabi and course descriptions as evidence.
School comments: Portland Village School is committed to implementing the CCSS in our classrooms. At PVS the common core state standards are the What we Teach, and Waldorf Instructional Methods are the How we Teach it.

(Measure 7 omitted, applies to high schools only)

8. School goals and recommendations (academic)

Measure 8a
Did the school meet the academic goals it set forth in its 2023-24 Performance Plan?

Goal set in Plan	Goal achieved? (School response)	How or why not? (School response) Include any professional development implemented to support this goal.
Portland Village School will close the gap in growth in Math as measured by 2024 SBAC with at least 4/6 grades meeting the district average. Our students will increase their achievement overall, with a focus on the concepts and procedures claims and the communicating reasoning claims. These claims in aggregate of 3-8th grades were a total of 51 percentage points below PPS.	Partially - PVS students met the requirement for gap scores, but only 3/6 PVS grades met the district average for math performance.	We made good growth towards our goal, increasing our percentage of students meeting in math by 5% over last year, and surpassing the state average by 14%. As a school community we created a plan for mathematical performance improvement. Our learner centered question was: *Why are our students not as adept as the average PPS student in Math Concepts and Procedures and Communicating Reasoning as measured by SBAC?* During multiple meetings throughout the year staff developed and then checked in on student growth and modified their plan. Each team developed a plan for how they were going to meet or exceed the district average. Work with your grade level or specialist team to develop a specific plan for how you can support your students to meet or exceed the PPS average from last year.

		Each plan included: - specific instructional strategies tied to the goal of meeting or exceeding SBAC performance in math (either that year, if you are in a testing grade, or in future years if your students are younger.) - Success criteria & progress monitoring (How will students show you they are on track to meet the goal) - Assessment plan for reviewing progress towards the broader goal along the way, 1x February, 1x April - Modification plan to adjust instructional supports after review of data in February and April - be robust enough to meet the goal - All teachers involved and actively a part of meeting these goals We reviewed the plans multiple times throughout the year. We determined that EasyCBM was not a strong predictor of achievement on

		the SBAC in the spring and we have since made a shift to MAP assessments in ELA and Math.

Measure 8b
In school year 2023-24, did the school implement the academic recommendations from the district in the 2022-23 annual performance report (if any)?

Recommendation from the district	Recommendation implemented? (School response)	How or why not? (School response) Include any professional development implemented to support this goal.
(2022-23)District strongly recommends renewed and continued focus on ELA growth and achievement, particularly as the 3rd grade class moves to 4th grade to accelerate this particular class into range of District averages and state targets. While no Plan of Improvement will be required in response to this year's ELA data, without significant progress toward improvement in the 2023-24 school year, the school will be required to provide one in the coming year.	PVS had dedicated and focused time working on ELA foundational skills, strong CORE instruction and Tier II interventions. We did make gains in ELA, and this cohort of students does continue to struggle.	Teachers received training in Core instruction, ODE's early literacy framework, foundational skills, UFLI, and numerous intervention programs including REWARDS, Phonics For Reading and LLI.
(2022-23)District strongly recommends renewed and continued focus on MATH growth and achievement with particular focus on middle school grades to bring results closer to District averages and state targets. While no Plan of Improvement will be required in response to this year's Math data, without significant progress toward improvement in the 2023-24 school year, the school will be required to provide one in the coming year.	Yes, PVS had a dedicated focus on math instructional improvement which resulted in improved math scores and PVS middle school out performing the district in math.	See PVS's above plan for mathematical performance improvement. We provided professional development in mathematical best practices and in the our Bridges and Mid School Math curriculums. We added EasyCBM for benchmarking and progress monitoring in math. We increased our overall math performance by 5% over the last year and outperformed the state by 14%.

Measure 8c
Based on the 2023-24 school year data presented in this report, will the school add any academic goals to its 2024-25 Performance Plan? (Copy and paste as needed for additional goals.)

Financial Performance: data elements and sources

The purpose of the Financial Performance section of the Annual Performance Framework and Report is to evaluate whether or not the charter school is financially viable.

Many of the indicators, performance targets, and ratings for this section are adopted from the National Association of Charter School Authorizers' "Core Performance Framework and Guidance".

The following data elements and sources are used to complete the Financial Performance analysis:

- The charter school's contract
- The charter school's audited balance sheet and notes for the last three years
- The charter school's projected enrollment and actual enrollment
- The charter school's board-adopted budget
- The charter school's audited income statement and audited cash flow statement
- Annual principal and interest obligations
- Quarterly financial statements, including budget-to-actuals, profit and loss, balance sheet

Financial Performance

9. Near-Term Measures

Measure 9a Current ratio: Current assets divided by current liabilities
Meets standard: ✔ Current ratio is greater than or equal to 1.1
Does not meet standard: Current ratio is between .9 and 1.0 or equals 1.0
Falls far below standard: Current ratio is less than or equal to .9
District comments/recommendations: Current ratio is 14.08, meets standard.
School comments: PVS is committed to meeting required financial milestones and performance measures.

Measure 9b Unrestricted days cash: Unrestricted cash divided by (total expenses minus depreciation expense) / 365)
Meets standard: ✔ 60 days cash –OR- Between 30 and 60 days cash and one-year trend is positive
Does not meet standard: Between 15 and 30 days cash -OR- Between 30 and 60 days cash and one-year trend is negative
Falls far below standard: Fewer than 15 days cash
District comments/recommendations: The school has 216.46 unrestricted days cash, meets standard.
School comments: PVS is committed to meeting required financial milestones and performance measures.

Measure 9c Enrollment variance: actual enrollment divided by enrollment projection in most recent charter school board-approved budget
Meets standard: ✔ Enrollment variance equals or exceeds 95% in the most recent year
Does not meet standard: Enrollment variance is between 85-95% in the most recent year
Falls far below standard: Enrollment variance is less than 85% in the most recent year
District comments/recommendations: Enrollment variance is 95%, meets standard.
School comments: PVS is committed to meeting required financial milestones and performance measures.

Measure 9d Default
Meets standard: ✔ School is not in default of loan covenant(s) and/or is not delinquent with debt service payments
Falls far below standard: School is in default of loan covenant(s) and/or is delinquent with debt service payments
District comments/recommendations: The school is not in default, meets standard.
School comments:PVS is committed to meeting required financial milestones and performance measures.

10. Sustainability Measures

Measure 10a Total Margin: Net income divided by total revenue Aggregated total margin: Total 3-year net income divided by total 3-year revenues
Meets standard: ✔ Aggregated 3-year total margin is positive and the most recent year total margin is positive -OR- Aggregated 3-year total margin is greater than -1.5%, the trend is positive for the last 2 years, and the most recent year total margin is positive
Does not meet standard: Aggregated 3-year total margin is greater than -1.5%, but trend does not "meet standard" (above)
Falls far below standard: Aggregated three-year total margin is less than or equal to -1.5% -OR- The most recent year total margin is less than -10%
District comments/recommendations: Aggregated total margin is 15.56%, total margin is 25.72%, meets standard.
School comments: PVS is committed to meeting required financial milestones and performance measures.

Measure 10b Debt to asset ratio: Total liabilities divided by total assets
Meets standard: ✔ Debt-to-asset ratio is less than 0.9
Does not meet standard: Debt-to-asset ratio is between 0.9 and 1.0
Falls far below standard: Debt-to-asset ratio is greater than 1.0
District comments/recommendations: Debt to asset ratio is -1.41, meets standard.
School comments:PVS is committed to meeting required financial milestones and performance measures.

Measure 10c Cash flow: Multi-year cash flow = Year 3 total cash - Year 1 total cash One-year cash flow = Year 2 total cash - Year 1 total cash
Meets standard: Multi-year cumulative cash flow is positive and cash flow is positive each year -OR- Multi-year cumulative cash flow is positive, cash flow is positive in one of two years, and cash flow in the most recent year is positive
Does not meet standard: X Multi-year cumulative cash flow is positive, but trend does not "meet standard" (above)
Falls far below standard: Multi-year cumulative cash flow is negative
District comments/recommendations: Multi-year cash flow is $101,186; one-year cash flow is ($253,068); Does not meet standard.
School comments: During the 23-24 SY PVS embarked on a purchase of a property and bond deal to secure a forever home. This has impacted our cash flow for the 23-24 school year. As we moved into our new home and our first year in our new location, we recognize the impacts of this transitional year. We are committed to stabilizing our cash flow and to developing a positive cash flow over the coming year as we establish ourselves in our new location.

Measure 10d Debt service coverage ratio: (net income + depreciation + interest expense) / (annual principal, interest, and lease payments)
Meets standard: ✔ Debt service coverage ratio is equal to or exceeds 1.1
Does not meet standard: Debt service coverage ratio is less than 1.1
District comments/recommendations: Debt service coverage ratio is 4.68, meets standard.
School comments: PVS is committed to meeting standards for financial stability.

11. School goals and recommendations (financial)

Measure 11a
Did the school meet the financial goals it set forth in its 2023-24 Performance Plan?

Goal set in Plan	Goal achieved? (School response)	Why or why not? (School response)
To create a general ledger (budget) to manage the revenue and expenditures for our new home location	yes	We were able to track and pass a budget that reflected our new home expenditures. The process was complex, and the bookkeeping, financial team, administrative team and board worked diligently to develop and track the required budget.

Measure 11b
In school year 2023-24, did the school implement the financial recommendations from the district in the 2022-23 annual performance report (if any)?

Recommendation from the district	Recommendation implemented? (School response)	Why or why not? (School response)
The District did not make any financial recommendations in the 2022-23 Performance Report, there were no financial concerns.	N/A	N/A

Measure 11c
Based on the 2023-24 school year data presented in this report, will the school add any financial goals to its 2024-25 Performance Plan? (Copy and paste as needed for additional goals.)

Goal added to Plan:

Organizational Performance: data elements and sources

The purpose of the Organizational Performance section of the Annual Report is to evaluate whether or not the charter school as an organization is effectively governed and well run.

Many of the indicators, performance targets, and ratings for this section are adopted from the National Association of Charter School Authorizers' "Core Performance Framework and Guidance".

The following data elements and sources are used to complete the Organizational Performance analysis:

- Site visit observations (both formal and informal)
- The charter school's contract
- Required reporting by the charter school, including all deliverables
- The school's adherence to deliverable and reporting due dates
- Feedback from parents, students, charter school staff, and other community stakeholders
- Synergy or other student information system
- The Administrators Dashboard
- The charter school's internal accountability systems
- Student enrollment forms
- The charter school's adopted board policies
- The charter school's parent/student/staff handbooks
- TSPC
- Assurances by the charter school that it is compliant with all applicable requirements

District comments/recommendations: The school is responsive and timely with all other requirements from the district.
School comments: PVS is committed to meeting the terms of the contract, legal requirements and best practices.

17. School goals and recommendations (organizational)

Measure 17a
Did the school meet the organizational goals it set forth in its 2023-24 Performance Plan?

Goal set in Plan	Goal achieved? (School response)	Why or why not? (School response)
By June 2024 PVS will have developed a plan and timeline for the moving process and will have begun implementing the plan.	Yes	We developed a moving plan and accomplished moving 30,000 square feet of building furnishings, curriculum materials and equipment 7 miles south. We began implementing the plan within the timeframe of our goal.

Measure 17b
In school year 2023-24, did the school implement the organizational recommendations from the district in the 2022-23 annual performance report?

Recommendation from the district	Recommendation implemented? (School response)	Why or why not? (School response)
The District made no organizational recommendations in 2022-23.	N/A	N/A

Measure 17c
Based on the 2023-24 school year data presented in this report, will the school add any organizational goals to its 2024-25 Performance Plan? (Copy and paste as needed for additional goals.)
